TORONTO HOUSE BUILDING ASSOCIATION.—A preliminary meeting of the Provisional Directors of the above association was held on the 3rd of January, at the offices of Mr. Isaac C. Gilmor. Present—Mr. A. Morrison, M. P., Mr. James Austin, Mr. John Fiskin, Mr. P. Paterson, Mr. E. Hooper, Mr. James Michie and Mr. Gilmore. It was resolved to make the first call of fifty cents per share payable previous to the general meeting, which takes place on the 1st February next, and a committee was appointed to draw up a set of by-laws to submit to the general meeting. It was stated that the amount of stock subscribed was over \$71,000, and the number of stockholders 209.

MUTILATED PROVINCIAL NOTES.—The Montreal *News* says a large number of mutilated Provincial notes are at present in circulation, and it is now known that the work of mutilating these notes is carried on systematically by villains whose plan of operations is as follows:—They secure a number of bills of a certain denomination,

and from each bill they tear off a small piece, until they have got enough pieces with which to patch up a new one. The original bills are not sufficiently damaged to allow the bank to refuse payment, and the patchwork is so skilfully put together as to deceive any one but the bank's expert. The public will do well to decline taking any bill which is thus mutilated, as they will, without a doubt, find themselves losers in the future by having such notes in their possession.

EXPORTATION OF SILVER.—The following shows the shipments of silver coin by Mr. Weir from the 1st November, 1869, to the 24th December last. The Montreal shipments include receipts from Quebec, Nanaimo, Berlin, St. Mary's and Stratford.

A recent number of the British Columbia *Government Gazette* contains an abstract of the revenue and expenditure of the colony for the year 1868. The principal items under the former head

—Mr. J. W. Brent, teller in the Royal Canadian Bank agency at Perth, while out sleigh-riding on Christmas was upset turning a corner, and the horse running away at full speed, he was dragged about a hundred feet on the ground. When picked up he was found to have a broken arm, and a dislocated shoulder.
