

of malice. All religious teaching diocese is subject to him in his father, and teacher, and pastor.

THE SAVING BOND.

Episcopate, therefore, became bond of Catholic unity. The doctor of the early church, St. Cyprian, after declaring the primacy necessary for the unity of the church, said: "The unity of the church is not in the unity of the bishop, but in the unity of the episcopate."

It is the church, a mere school of doctrine, that is the source of unity. The unity of the church is not in the unity of the bishop, but in the unity of the episcopate. The unity of the church is not in the unity of the bishop, but in the unity of the episcopate.

It is the church, a mere school of doctrine, that is the source of unity. The unity of the church is not in the unity of the bishop, but in the unity of the episcopate. The unity of the church is not in the unity of the bishop, but in the unity of the episcopate.

It is the church, a mere school of doctrine, that is the source of unity. The unity of the church is not in the unity of the bishop, but in the unity of the episcopate. The unity of the church is not in the unity of the bishop, but in the unity of the episcopate.

BRITISH SHIP IS THE PEER OF THE REST OF THE WORLD

Americans Admire the Inflexible TARS ON SHORE

Visitors to Hudson-Fulton Celebration Will Leave \$25,000,000 in New York

NEW YORK, Sept. 25.—The sailormen of eight nations—England, Germany, France, Italy, Holland, Mexico, Argentina and the United States, wandered along the streets of New York today, mingling with visitors from north, south, east and west in the first day of rest after the brilliant opening of the Hudson-Fulton celebration yesterday.

Beginning at noon, Riverside Drive, a vantage point affording a magnificent view of the anchored armada of battleships, began to fill up rapidly and at three o'clock was again uncomfortably crowded, although there was no organized naval parade today.

The Half Moon and the Clermont lay quietly at their anchorages, where they remain until the naval parade of Friday, October 1, when these little frigates, escorted by light draft warships and followed by the merchant fleet again will sail up stream to Newburgh, where they will be turned over to the Albany up-state division of the celebration.

But circling about the fleet of battleships today there was an almost unbroken line of deep sea excursion steamers jammed to the rails, as they were yesterday, and listing heavily to one side with the pressure of the crowd. At the same time a scurrying flotilla of motor-boats was bobbing about on the roughened waters of the river, carrying visitors to the various points of interest.

American officers spoke today of the splendid appearance presented by the British flag-ship inflexible, whose illumination last night was conspicuous by its brilliancy. The ship is in her new paint and dressed from stem to stern in white awnings, her graceful lines of speed and power combined were more readily seen today than those of any other ship on the river.

Special Hudson-Fulton services were conducted in all the churches. Forms of prayer prescribed for the occasion by Bishop Green of the Episcopal diocese and by Archbishop Farley of the Roman Catholic church were read in every parish of the diocese. Many who could not get into Old Trinity, crowded the churches, and the garlanded grave of Robert Fulton, among them were officers of the visiting forces. At the historic St. Paul's chapel the Rev. W. Montague Green asked pertinently: "Is God a man of war?" and answered emphatically: "He most certainly is."

At the middle collegiate Dutch Reformed Church special invited members of the congregation were the officers of the Dutch cruiser Utrecht, General Leonard Wood, U. S. A., commanding the department of the east, and R. W. Wood, also of the Hudson-Fulton celebration committee of the Netherlands.

NO SIGN OF THE WORLD GIVING UP

Dozens of the Faithful Return Home BUT OTHERS COME

Duxbury Mass Fanatics Hold Weird Service Yesterday

DUXBURY, Mass., Sept. 25.—This time set for the end of the world as revealed in visions to some of the more radical of the Trinitarian Immortalists who have gathered at Ashdod for the past few days has passed, and tonight at the little chapel of the faithful a service of prayer and song was held to ask the counsel of God and to await His revelation. Dozens of the faithful have given up all hope of the great glorification at the present time and have gone to their homes, but others have arrived to take their places. Mark B. Radcliffe, leader of the sect in Yonkers, N. Y., said that a large number of the faithful is expected to arrive tomorrow and that by that time there should be about 150 people.

There were two more baptisms today, bringing the total number of immersions at the present convalescence up to 48. Rain fell heavily throughout the day, but had apparently little effect on the exercises of the little band. Religious services were held in the chapel and were continued tonight in the hope that some revelation of the spirit might be made regarding the purification of the earth by fire, or that some counsel as to the future might be given.

In the meantime the travelling itineraries have been resuming a small harvest of coin, for the Immortalists have proved to be the best of cash customers. The bake houses of Plymouth were called upon to furnish supplies to the camp, and the farmers in the vicinity have done a thriving business in milk, eggs and vegetables.

The meeting at the chapel was thrown open to such outsiders as cared to attend and was conducted much in the same manner as prayer and testimonial meetings of other denominations. But near by in a room that serves as a kitchen there was another meeting at which only the faithful were allowed admittance. The room, which is 40 feet long by 20 feet wide, was crowded with Immortalists, all were standing with hands and faces upraised and with lips moving, apparently awaiting for some revelation. One woman, a young lady in black, seemed to attract considerable attention from those about her. Her arms were bare to the elbows, her hands were resting upon her shoulders and her eyes half closed and face uplifted as she was muttering strange sounds incomprehensible to the "sinners" who stood about in the room peering through the open window. Several of the elders stood about the woman listening intently to the strange noises by her, but whether she was about to receive a revelation or not those outside the window could not tell, for within a few minutes the shades were drawn and the revelation, if it came, was to be made only to the faithful within the room.

THE CLEVEREST  
Willy—"You see, it was this way. They were all three so dead in love with her and all so eligible that to settle the matter she agreed to marry the one who should guess the nearest to her age. Arthur—'And did she?' 'But I don't know. I know that she married the one that guessed the lowest.'"

Improved Roller Gear OF THE "Puritan" Washing Machine  
This special feature alone, makes the "Puritan" the easiest running washing machine made. And the "Puritan" has several other improvements that are almost as important as the roller gear. It is the woman who is going to use the "Puritan."

"Favorite" Churn  
Is the favorite. There are more "Favorite" churns sold in Canada than all other makes combined. Patent foot and lever drive. Made in 3 sizes to churn from 1/2 to 20 gallons of cream.

SUNDAY SCHOOL 50 YEARS OLD

Exmouth St. Observes Anniversary SERVICE LAST NIGHT

Addresses by Former Superintendents and Others

Celebrating by a jubilee the arrival at its fiftieth year the Sunday school of Exmouth Street Methodist Church took charge of the church Sunday evening and conducted a service of remembrance. No sermon was preached, but a platform meeting was held, in which the present superintendent, former superintendents and the pastor, Rev. W. W. Lodge, took part.

The remarks of Mr. King Kelly and Jeremiah Thompson, past superintendents; W. J. Magee and R. S. Stevens, superintendents. Mr. A. D. Kelley spoke very interestingly of his experiences in the school in the various capacities of pupil, teacher and superintendent. His remarks were addressed chiefly to the younger pupils, and dealt with entertaining episodes and conditions prevalent prior to their connection with the school.

W. J. Magee gave a brief historical sketch of the school, telling of its organization, with 40 members who met in Nava's shipbuilding shop at Marsh Bridge, and of its development until the present time, when there are about 400 pupils on its rolls. The address when the school was conducted in Glad Tidings Hall and in the gallery of the church, the programme was as follows: Onward Christian Soldiers! Reciting of the Twenty-third Psalm. Jubilee Hymn "Great Chorus"..... Our Glad Jubilee Prayer..... Rev. W. W. Lodge, Pastor. Infant Class without Accompaniment. Chorus, How Sweet the Call of Mercy Recall..... Helen Magee, Vocal solo..... Maxwell Anderson.

This evening and tomorrow evening the jubilee will be continued. On Tuesday evening the celebration will take the form of a congregational social.

Children Cry FOR FLETCHER'S CASTORIA  
IMPOSSIBLE  
"How do you overcome insomnia?" "Say the multiplication table up to twelve times twelve."  
"But I can't get the baby to learn it."—Cleveland Leader.

HE WOULDN'T BRING COOK'S RECORDS HOME  
Peary Refused to Take Them on Board Roosevelt  
Whitney Sends Message to Cook Saying He'll Explain All—Writes That Cook Discovered Pole.

NEW YORK, N. Y., Sept. 25.—Commander Robert E. Peary refused absolutely to allow any of the records or instruments of Dr. Frederick A. Cook to be brought aboard the steamer Roosevelt, and was thus instrumental in causing these records to remain in a cove at Etah, Greenland, according to Harry Whitney, the New Haven sportsman, in a dispatch received in this city by Dr. Cook yesterday.

FIGHTING ARCTIC COLD, THE PLUNGE NORTHWARD

Cook Entertained by Mirages—Conditions Favorable But Wind Unbearable—Sleeping on the Sledges

Dr. Cook Welcome to Brooklyn by Cheering Thousands

WAY OF MIRAGES.  
The stamp of reality had given place to a wave of curious mirages. Some peaks seemed like active volcanoes, others took the shape of a snow-covered and pierced the changing skies with multiple spires like church steeples. Altogether this unexpected panorama of the upper surface of Grant Land under the influence of optical illusion gave us considerable entertainment.

At every breathing spell the heads turned to the land and every lock gave a new prospect. From belching volcanoes to smoking cities of modern bustle the mirage gave suggestive bits of scenes, but a more desolate line of coast could not be imagined. Low wind swept and ice polished mountains were separated by valley filled with great depths of snow and ice. This interior accumulation moved slowly to the sea where it formed a new ice wall, a glacier of the malpais type, but its appearance was more that of heavy sea ice, hence, the names of the fragments from this glacier—polio-glacial ice, or fogbergs, which seem like lincas seen and resembling old fies were supposed to be the prevent of the upbuilding of the ice of the north polar sea.

AT CONDITIONS FAVORABLE.  
Everything was in our favor in this last known rock of solid earth. The world softens with the milder sun, but instead it came with a sharper chill. Our course was along the coast of north, the wind was slightly north of west; it struck us at a painful angle and brought tears.

A LIFE SAPPING WIND  
It still blew that light, life sapping chill which had so often vexed and bleached the nose. We had hoped that this would soften with the milder sun, but instead it came with a sharper chill. Our course was along the coast of north, the wind was slightly north of west; it struck us at a painful angle and brought tears.

CAMP BESIDE THE LEAD.  
Camp was made on a secure old field and over its back the creek crossed seemed like a long winding between palisades of blue crystal. A thin sheet of ice had already spread over the mysterious desert and a profusion of fantastic rock crystals were arranged in bunches resembling towers.

Satisfaction follows the surprise of every housewife who uses Surprise Soap. You wonder how it can make the clothes so white and clean, with so little rubbing? It is just SOAP—perfectly pure with peculiar qualities for washing clothes. Try it the next wash. Read the directions on the wrapper.

END OF THE WORLD IS INDEFINITELY POSTPONED

Merely a Miscalculation of a Few of the More Radical Members of the "Holy Rollers" Declare Conservative Members

WEST DUXBURY, Mass., Sept. 25.—The end of the world—arranged as the final in the strange drama which was begun here during the past few days—not having occurred as scheduled, most of the actors had left tonight. Hence they will await in their homes with the same faith the rendering of the last act.

With the preparation for the end gained much prayer and exhortation the trinitarian immortalists will now await the millennium within their respective domiciles, firm in the belief that it approaches. It is possible that some member may again be the recipient of a revelation appointing a time and place for meeting the Lord in His judgment visit. In this case a similar gathering is again possible.

That it was merely a miscalculation of a few of the more radical members who had besieged the little congregation since its awaiting of the end became public was admitted for the first time within the portals of the meeting house. There they listened, this afternoon, to an exhortation of the beliefs of the sect on the past history of the Adventists and of the faith in the end of come.

PERTH AND ANDOVER CARNIVAL IS OVER  
Last Day Most Successful of the Three—The Prize Winners  
PERTH, N. B., Sept. 26.—The last day of the Perth and Andover Carnival was the best of the three days and a large crowd from the surrounding country side was in attendance. The parade of business floats was both pretty and original. The prize of \$10 was awarded to the float arranged by the W. C. T. U. The float was a pyramid with a large globe on top, from which extended white ribbons held by several girls around the base. The floats of A. H. Dickinson and W. C. Atherton deserve mention.

The high jump for boys was won by Geo. Woodson, a watch. Pole vault by Earl Green, 8 feet. Ladies' race, spoon race, Miss Florence Ritchie. Ladies' 60 yard dash, Miss Ritchie. Fast man's race, H. Bonnell. Young ladies' short race, Miss Donnae. Boys' race, F. Grant.

The Baby Show proved interesting in more ways than one. The prize was won by little Bessie who was M. Dubay gave his wife performance and several contortionist feats. A canoe race on the river between the Indians proved exciting. The prize was won by Joe Sells. A brilliant display of fireworks and a band concert by the 67th Military Band closed the day. A great many visitors were kept away by the fever scare. Two cases have developed, making 72 with one new one in Perth. Mrs. A. Gibson died from the disease this morning.

Take Father Morrissey's "No. 10" (Lung Tonic) And Be Sure that it will cure your cough, cold or lung troubles. It is the very same medicine which the priest-physician himself prescribed so often and so successfully during his lifetime, and thousands are the cases it has cured.

Take it—or give it to the children—with confidence, because it is absolutely free from opium, morphine or any other harmful drug. Many cough medicines are loaded with these dangerous ingredients, but Father Morrissey would not use anything that was not perfectly safe even for a baby.

"No. 10" contains nothing but Nature's own remedies—Herbs, Roots and Balsams—combined as only Father Morrissey knew how to combine them. Keep a bottle in the house as a safeguard against all troubles of throat and lungs. Trial size 25c. per bottle. Regular size 50c. At your dealer's. 24 Father Morrissey Medicine Co. Ltd. - Gtatham, N.B.
