

MOST SUCCESSFUL CONVENTION

(Continued from last week.) A unique feature of the Convention was a meeting Saturday evening, when all delegates to the Convention gathered about the ruins of old college hall for a service of dedication to the upbuilding of Acadia.

At a platform meeting in the church later it was announced that the women of the Wolfville church had pledged a thousand dollars toward the new Acadia building.

The perfect weather which greeted all as the morning dawned made Sunday an ideal day for the closing session of the convention. At 9.45 o'clock a large number gathered in the church where licentiate S. M. Hirtle, Pastor of the church at Canso, N. S., was publicly ordained to the work of the Gospel ministry.

A solo was most effectively rendered by Miss Curry. The prescribed questions to the candidate were read by Dr. Macdonald. The ordaining prayer, accompanied by the laying on of hands was offered by Dr. W. C. Goucher.

Rev. F. L. Orchard read the letter addressed to the church at Canso, this letter to stand as the "charge to the church". Rev. G. C. Warren welcomed Rev. S. M. Hirtle to the ministry of the denomination.

A capacity house assembled for the service at 11 o'clock when the convention sermon was preached by Rev. A. L. Huddleston, of the First Baptist church, Halifax.

The Sunday afternoon service was in the interests of Sunday School and young people's work. The speakers were Rev. W. N. Hutchins, Professor of Religious Education in Acadia University.

Despite the intense heat a well filled house assembled at four o'clock for the memorial service in honor of the late Rev. Atwood Cohoon, D. D., acting President Rev. G. C. Warren presiding.

A large congregation assembled for the closing session of the United Baptist Convention at seven o'clock at which service Rev. W. J. Hurlow, of New Glasgow, was the preacher.

The marriage occurred at Vancouver on August 20th, of Dorothy Mildred Reynolds Harrington, daughter of the late Dr. F. G. Harrington, a former resident of Wolfville, to Mr. Lestock Charles Lee, of Peterborough, Ont.

OLD COUNTRY CROP FAILURE

Reports Indicate Demand Is Caused for Canadian Apples and Pears.

The English apple crop promises to be a light one this year. What promised to be a fairly good yield was reported on August 1 to have suffered severely from drought conditions.

A report received by the Fruit Commissioner at Ottawa says that the crop is very patchy, and not more than half the average. Early Victoria, Lord Grosvenor, Stirling Castle and Lane's Prince Albert appear to be the best of the culinary, and Worcester, Pearmain, Cox's Orange and Allington of the dessert varieties; but all varieties vary greatly in different districts.

Pears are practically a failure, and plums are generally very poor. Such early blossoming varieties as Prince of Wales, Goliath and Monarch are reported to be bearing fair crops.

LIBERALS OF KINGS ELECT OFFICERS

Kentville Sept. 4.—The annual meeting of the Kings County Liberal Association was held at Court House this afternoon. President J. Howe Cox, of Cambridge, was in the chair and beside him on the platform were the three county members, Ernest Robinson, M. P., Hon. J. A. McDonald, M. P., and James Sealy, M. P.

The financial and nominating committees were also selected and the revising board for each polling district in the county.

President Cox spoke of the death of Archibald Foster, North Kingston, a former president of the association, and read a letter of thanks from the widow for the sympathy expressed by members of the association, and also for the handsome wreath of flowers.

There were addresses by Messrs. Robinson, MacDonald and Sealy, and also by F. S. Fisher, of Somerset, and Miss Annie M. Stuart, of Grand Pre.

FORMER ACADIA STUDENTS MARRIED

HALIFAX, Sept. 6th.—One of the prettiest of the September home weddings was solemnized yesterday afternoon at 1.30 o'clock. The principals were Joseph McLeod, son of Mr. and Mrs. J. Fred Boyer, of Victoria, N. B., and grandson of the late Joseph McLeod, of St. John, and Helen Marion, daughter of Mr. and Mrs. H. L. Ganter, 312 Robie.

Miss Dorothy Schurman, of Truro, gave a fine rendition of the wedding marches, while Miss Mildred Harvey, of Wolfville, sang the wedding hymn, "Because".

Both bride and groom studied at Acadia together; the groom was also a student at Edinburgh University. He served Overseas with the Canadian Field Artillery, and was awarded the M. C.

Among the out-of-town guests were Mr. and Mrs. J. E. Boyer and two sisters, Ada and Marjorie, of Victoria; Mrs. Arthur Rogers, Toronto; Mr. and Mrs. G. Rex Ganter, St. John; Mr. and Mrs. E. L. Ganter, Sydney; Mr. and Mrs. Norman McLeod, St. John, and the Misses Dorothy Schurman and Mildred Harvey.

NOW THAT ROBB IS ON THE JOB

The translation of the Hon. James Robb to the portfolio of Immigration and Colonization is a cheerful sign. For many years now it has been the custom to assign a Western statesman to this post, with the result that all our Federal immigration took on a western squint.

Once upon a time the prairies offered a great chance to the man who was looking for cheap land, and had nothing but a shoe-string to play on. But with the march of the years, conditions have changed, and Mr. Robb may well devote some of his attention to other parts of Canada.

The New Poor, that class of Englishmen whose incomes have contracted during the War, should find splendid opportunities in our older provinces. Here, without losing touch of the civilization to which they are accustomed, they will find all the freedom of a new country to make their fortunes again.

New Brunswick might attract them as a sheep raising country. Ontario and Quebec can provide them with all the comforts of an old settled country, or all the adventure of new and undeveloped Northlands.

The prairie is still our great open space, a fact which the new Minister of Immigration will keep in mind, but we can trust him to remember that all Canada is a field for new citizens, and that every Province should get its share.—Montreal Standard.

GREAT HEAD, DAN

Artist: "I am going to paint a picture of a fish—and I don't know whether to do it in water-colors or oil." Dumb Dan: "Well, if they're sardines they should be done in oil."

The farmer bought a pair of heavy working shoes in 1912 for four bushels of wheat. He could buy a dozen pairs of working socks then for 1.2 bushels of wheat and now he pays 2.6 bushels. Can you blame him for feeling wronged?

CANADA GOLDENROD

The Canada Golden Rod is quite common throughout the Dominion and is a favorite with those who love bouquets of wild flowers. Its old name was Solidago, and was derived from a Latin word meaning "To make Whole" from the supposed healing qualities of the plant.

That tawny Incas for their gardens wrought Heavy with sunshine, droops the Golden-rod.

The plant seeds are carried freely by winds and birds. Rootstocks also spread with great rapidity. The only means of eradication is by preventing the seeds from maturing, and cultivation.

Text: 'Why is it that one girl has a fresh smooth complexion and another a skin which is lifeless, dull and sallow? Is it a gift of nature or some guarded beauty secret? It is a secret, but an open one in which every woman may share. It consists in knowledge of the care which keeps the skin free from clogging, poisonous accumulations. In the removal every day of all dirt, oil secretions, excess dandruff, powder and rouge. To do this, use mild soap, massage it thoroughly into your skin and remove with many rinsings. The mildest soap you can choose for this purpose is Palmolive. It contains Palm and Olive oils. These rare oils are the mildest cleansers nature ever produced. They are the oils used by Cleopatra thousands of years ago. Their combination in Palmolive produces a profuse, creamy lather which penetrates every tiny pore, removes every trace of dirt, oil, rouge and powder and leaves the skin smooth and fresh as a rose. You can buy Palmolive Soap at all first-class dealers.'

Text: 'JAPAN AND NOVA SCOTIA FRUIT ORCHARDS VIE', 'EVANGELINE IN ANNAPOLIS VALLEY ORCHARD', 'LAKE CHUZENJI—JAPAN'S LAKE LOUISE', 'JAPANESE BEAUTIES', 'CHERRY BLOSSOMS'. Main text: 'JAPAN has so distinctly put herself "on the map" that the well travelled person is now compelled to put the "Land of the Rising Sun" into his life's itinerary. Improved trade relations and growing interest in things belonging to the other side of the globe, make a closer study of the countries there of prime importance. Transportation, trans-continental and trans-Pacific, has become so highly developed that it is as easy to get to Japan as to Italy. Ninety-two hours from Montreal to Vancouver, trans-Canada, and the fastest time across the Pacific—a trifle more than nine days—puts the traveller into Yokohama, the chief port of the Land of Nippon. Here the sights are unusual. Jinticks-has jostle one another in their competition to get the few cents charge for running the traveller in and out among the narrow streets amid crowds of strangely garbed people, curious shops, street hawkers, endless numbers of brilliant kimono-clad children, and carts drawn by men and beasts. Adding to the natural beauty of Japan is the cultivation. Japanese are the best agriculturists and gardeners in the world. Tomes have been written about Mount Fuji and the mountains, lakes and streams of the country. Lake Chuzenji is the Lake Louise of Japan and Mount Fuji, the Mount Rainier, although not so high. The cherry blossoms are not so wonderful as those of this country—if one remembers the hundred miles of orchards in Nova Scotia's Evangeline Land and Annapolis Valley. Those who are contemplating an early summer holiday might well select Evangeline's Land, Nova Scotia, for a trip. For miles and miles along the Dominion Atlantic Railway the land is one mass of apple blossoms, Cherry blossoms, too, dot the scene, making a sight that is wonderful and refreshing. The bulk of the Nova Scotia apple crop goes to Great Britain, but great quantities of British Columbia apples are exported to the Orient. The cherry trees in Japan are raised for their flowers and not for their fruit, as, strangely enough, they bear no fruit. Although the voyage from Vancouver to Yokohama is longer than the four days at sea from the Eastern seaboard via the St. Lawrence River Route to Europe, the Canadian Pacific Express steamers, largest and fastest on the Pacific, are so thoroughly comfortable that the time slips away quickly. All of these steamers are so equipped that most all of the amusements to be had on land are also to be found on board. April marks the beginning of the best season in Japan and even further down the Chinese coast to Manila.'
