A MOTHER'S DUTY

to Womanhood

Every mother who calls to mind her own girlhood knows how urgently her daughter is likely to need help and strength during the years between early school days and womanhood. Then it is that growing girls droop, become fragile, bloodless and nervous. Nature is calling for more nourishment than the blood can supply, and signs of distress are plainly evident in dull eyes, pallid cheeks, weak and aching backs a languid step, fits of depression, nervousness and a dis-like for proper food. These signs mean anaemia—that is bloodless-

The watchful mother takes prompt steps to give her girl the new, rich blood her weak system is thirsting for by giving her Dr. Williams' Pink Pills, because so many thousands of feeble, anaemic, unmake. and itchy. I was that way all winter. It was
not so bad in the summer. In September
it got worse, I had the best doctors treating

I sent to you for a sample cake of Cuticura Soap. You sent it to me and I got a box of Cuticura Ointment. I have used two boxes and on the third one it has cured me of shingles and eczema. I am delighted with them and do feel pleased to think I have something I have confidence in. Should anyone be suffering as I did, I hope that they will do as I did, and I am sure of the results. I am recommending them from experience." (Signed) J. H. Jarvis, 7 Ann St., Kingston, Ont., May 30, 1911.
