**General Intelligence.****An Engineer's Story.**

Life on a Railroad Conducive to Disease.

Mr. Wm. Taylor, of Kentville, attacked with Kidney Trouble—So-called "Cure Proved Useless." But Dr. Williams' Pink Pills restored his health.

From the Kentville Advertiser.

There are very few employments more trying to the health than that of a railway engineer. The hours of labor are frequently long, meals irregular, and rest and sleep hurriedly snatched "between runs." One of the troubles which very frequently attack railway trainmen is kidney disease, which up to a late period has been looked upon as a disease difficult, if not impossible, to totally cure. Although there exist numerous remedies claimed to be cures, the truth is that nothing has been found to successfully cope with this terrible disease until the advent of the world-famous Dr. Williams' Pink Pills. Changing to heart one day that Mr. Wm. Taylor, a resident of this town had been cured of kidney trouble through the agency of Dr. Williams' Pink Pills, a reporter called upon him at his home to hear from him personally what

he thought of his cure. Mr. Taylor is an engineer on the Dominion Atlantic Railway, his run being between Halifax and Kentville, and he is one of the most popular drivers on the road. When asked by the reporter concerning his illness he said: "It was in the spring of 1896 that I had a severe attack of kidney trouble brought on by continuous running on the road, and I suppose it is caused by the oscillation of the locomotive. It effected me but slightly at first but gradually grew worse. I consulted a doctor and then tried two or three various remedies, but none seemed to give me any relief. After stopping the use of them I grew worse then ever. I had noticed numerous testimonials in the papers concerning Dr. Williams' Pink Pills, and reading of one cure that was almost identical with my own I decided to give them a trial, and purchased four boxes at a cost of \$2. But it was \$2 well spent for I was completely cured by the use of the pills, and have not been troubled with my kidneys since. I can therefore recommend them to others similarly afflicted."

The experience of years has proved that there is absolutely no disease due to a vitiated condition of the blood or shattered nerves, that Dr. Williams' Pink Pills will not promptly cure, and those who are suffering from such troubles avoid much misery and save money by promptly resorting to this treatment. Get the genuine Pink Pills every bottle and do not be persuaded to take an imitation or some other remedy from a dealer, who, for the sake of the extra profit to himself, may say "just as good." Dr. Williams' Pink Pills cure when other medicines fail.

**IS THE KAISER MAD?**

A CORRESPONDENT OF A NEW YORK PAPER SAYS IF HE IS NOT INSANE HE HAS FITS OF ABERRATIONS.

New York, March 24.—A despatch from London to the World says: The story of Emperor William's alleged insanity is told with startling frankness, in a letter to the Daily News. The writer notes that the Emperor of Germany is the sovereign previously referred to as pinching his guests and trying to trip them up with his sword. The letter continues: "The fact is now that there is no doubt that the Emperor, if not specifically insane, is liable to fits of aberration, which, while they last, are indistinguishable from madness."

"His head derangement behind the ear and almost in contact with the brain has hitherto been kept in safe limits by a treatment which provokes a constant discharge. While the discharge lasts the pain is not very great and the inflammation and swelling of the affected
