NOTES.

NOTES.

The Toronto mining markets were unable to sustai rithe upward movement that looked like materializing into a genuine boom on Monday, and almost all stocks showed a sagging tendency yesterday. Cobalt Central soid off 41-2 points, chiefly on a rumor floated by adverse interests to the effect that the quarterly dividend of 2 per cent, would not be maintained. There was heavy selling of Beaver, Silver Bar and Temiskaming, which went down to 134, ex dividend. La Rose was the only issue to show strength, which went up to 6.60 and was hard to get.

The Buffalo Mines have declared the regularly quarterly dividend of 5 per cent., payable May 15. This is in lieu of the extra dividend of 1 per cent., payable May 15. This is in lieu of the extra dividend of 1 per cent., payable May 15.

New York, March 17—Noon—The early
market developed considerable shifting
of commitments which, as a net result,
did not seem to materially change the
strong technical position. London was a
moderate seller, reporting tin and coopeer higher, with silver and lead lower.
All interest centres in the tariff schedule which are to be announced to-day.
As to the tariff on ore, the largest dutiable amount imported for ten years past
has been some 1.29,000 tons, but free
ore would add greatly to imports of the
raw materials. Great Western was weak
on the coming assessment. The buyer of
100 shares of common at \$5 pays \$500
plus \$1,500 assessment, for which fifteen
shares of the new preferred at \$0, the
buyer would be exactly even on his investment.

The Banks are gaining on subtrees.

show scarcity of stocks.

The Banks are gaining on sub-treasury operations. Reduced tariffs, will, it is thought, increase our purchasing power abroad. Early return of Harriman is a market factor. The treasury statement shows better conditions than generally understood. We favor purchases on any soft spots.—Ennis & Stoppani.

Brantford Bakers Reduce Weight of Loaf.

(Special Despatch to the Times.) Brantford, March 17.—True bills on The coming entertainment to be given by the Ladies' Auxiliary of the Young Men's Christian Association on Thurswo indictments were returned here yes terday afternoon by the grand jury against Joseph McGuire, a former Grand Men's Christian Association on Thursday, April 1, promises to be entirely original. There has been nothing like it, in most respects, ever given in the city, at least, not within the memory of that sometimes inconvenient individual, the oidest inhabitant. The Y. M. C. A. building will lose its character entirely, and be transformed into "Milady's Home," consisting of drawing rooms, dining-room, bedroom, kitchen and larder. In these rooms will be articles for sale suitable to use in corresponding homes. runk yard man, charged with neglect of duty, resulting in injuries to Fireman Lewis, and with criminal negligence, resulting in the death of Engineer Frank Fralick, London. The charge arises out of McGuire's alleged failure to protect the return of a yard engine which he despatched out of the city to Mt. Vernon on October 6 last. The engine was not protected, with the result that another train went out and crashed into it, killing three train men and injuring two others. The Coroner's jury exonerated McGuire on the ground that he was overworked, but Crown Attorney Wilkes pressed the charge against him. The jury in the case will likely be empanelled to-day. Justice MacMahon is presiding Judge. N. F. Davidson, K. C., Toronto, is Crown prosecutor, and W. P. Brewster is defending the prisoner. OTHER CASES.

Several actions were settled out of of McGuire's alleged failure to protect der. In these rooms will be articles for sale suitable to use in corresponding homes.

In addition there will be a homemade table, stocked with most toothsome delicacies and substantials, fresh from the fair hands of some of the most notable cooks in the city.

There will also be a candy table, stocked and presided over by the Young Ladies' Guild of the Auxiliary. It is expected that this swect corner will be besieged with customers, particularly those of the male sex. fee cream will be served there all the afternoon, and after the concert in Association Hall in the evening, beginning at 8.15 and closing somewhere about 10 p. m.

"Milady" will hold an afternoon reception at which the honorary members of the Auxiliary will represent her guests and pour tea for themselves and the other visitors to the entertainment. Afternoon tea will be served to all visitors for 10 cents.

There will be a fancy work table, by some very young ladies, who have been industriously preparing articles for it for months. The public will encourage these generous young girls by patronizing their table.

There will be basketball in the gymnasium, a concert for children, and grown-ups, too, given by clever children, and full of surprises.

The evening concert will be high class. This means plenty of hard work for the ladies, who are endeavoring to raise money to carry on the good work among the young men and boys of the Association, and the affair should be well patronized. It is safe to say that the ladies may be relied on to give a first class and attractive entertainment all through.

OTHER CASES.

Several actions were settled out of court. Fireman Lewis, for injuries in the Mt. Vernon wreck, received \$1,000 from the railway. Wm. McMeans secured \$500 from the Warren Paving Company for injuries sustained by a fall into an excavation made by the company. The Cataract Power Company offered to pay Richard Whiting \$1,000 for having his hand burnt off by a live wire at Mohawk, also to provide Whiting with a job, but the case is not settled.

RIGID INSPECTION.

RIGID INSPECTION.

RIGID INSPECTION.

The grand jurors in their presentment dealt with undesirable immigration, suggesting that the Dominion Government make very rigid inspection of all ports of entry, so that all persons of criminal record or in any way unsound in body or mind should be prevented from entering. Mr. Justice MacMahon pointed out in his opening remarks the increase in the number of lunatics in the public asylums, and the increase in the number of new eomers who had to be placed under Governmental control. He thanked the jury for the finding, and stated a copy of it would be sent to the Ottawa and Toronto authorities.

WAS IDENTIFIED.

The young man killed by a T., H. & Inere will be other attractive and arausing features developing, which will be placed before the public as they evolve into perfection. There is a whisper of a rare treat in store, but it is a profound secret as yet.

Watch Mr. Best's "Y. M. C. A. Notes" for developments.

WAS IDENTIFIED.

The young man killed by a T., H. & B. train in charge of Engineer MacNamara and Conductor Iles at noon yesterday, bound for Hamilton, was identified as George Howard, formerly agent of the Union Insurance Company in this city. He resided on Terrace Hill, some three miles from where he worked. He had been working with E. Hopkins, near the Brantford locks, and was on his way to work when the train struck him. He leaves a wife and two children.

HAVE CUT THE LOAF.

At Alexandra 10-night.

The grand carnival at the Alexandra to-night is the talk of the town, as the public has so many times enjoyed the carnivals at this popular rink. The man-spement always has everything in first class condition for these events, and to-night will be no exception. Besides the fun of the carnival, the great militarograph will render a concert programme of fifteen numbers, and the public will have the use of the floor the whole evening. Local bakers have agreed here to cut the weight of a loaf to one and onequarter pounds on account of the in-crease in the price of flour. By selling loaves of such weight, if the same are Four prizes will be given, and those in costume will be admitted to the skating floor free. The balcony admission will be ten cents. As the rink is steamheated, a comfortable evening can be well spent at the Alexandra to-night. Don't miss this last carnival of the sealoaves of such weight, if the same are ordinary bread, the act of the Legislature is violated, but the bakers claim the loaves are fancy bread, and thus override the requirements as to weight. It has been stated locally that there is no difference in the bread, and the act of the bakers is illegal. The chief of police has been asked to investigate, and there may be something doing in the matter.

U. S. Transport Ran Aground in Honolulu Harbor.

Honolulu, March 17 .- The United States transport Logan, which ran aground while she was being backed inaground while she was being backed into her berth in this harbor last Saturday, was pulled off from the reef at midnight. Two tugs, assisted by a lighthouse tender and a British cruiser, Cambrian, tried unsuccessfully for several days to dislodge the Logan and it was not until her eargo was unloaded yesterday that they began a pull which finally resulted in the release of the big troopship. The Logan is bound for Manila, with the heaviest passenger list carried in recent years by a transport.

Buffalo, March 17.-William Meyrer and Anna King of Syracuse, were mar ried in Buffalo last Thursday at the home of Fred Stone, of No. 24 Bremen street. Miss Belle Raum, of Syracuse, when she heard of the marriage last Sunday, is said to have fallen unconscious in the street. A despatch from Syracuse last night states that she lost her speech, but believes that she would regain it if Meyrer would come and speak to her.

She wrote on a note that Meyrer was to have married her, but she forgives him. Mr. Stone said last night that Meyrer and his bride returned to Syracuse last Saturday. They are to live

Meyrer and his bride returned to Syracuse last Saturday. They are to live at Liverpool, near Syracuse, where he is employed as shipping clerk. He is related to the Stone family.

"I do not know Miss Raum," Mr. Stone said.
