

THE NEWCASTLE UNION ADVOCATE

VOL. 42—NO. 29

NEWCASTLE, NEW BRUNSWICK, TUESDAY, JAN. 25, 1910.

PRICE TWO CENTS.

FORTY EIGHT KILLED IN FEARFUL WRECK.

Soo Express Thrown From the Rails on Bridge by Breaking of Trucks.

Sudbury, Ont., Jan. 22.—The worst wreck in the history of the Canadian Pacific Railway occurred on the "Soo" branch, at the bridge crossing Spanish River at 1.10 o'clock yesterday afternoon. Spanish River is 368 miles from Sudbury and is crossed by the Canadian Pacific Railway by means of an iron bridge.

When the train left Sudbury at noon it carried in the neighborhood of 100 people. The train was made up as follows: Engine, mail and baggage car, express, second class coach, colonist, first class coach, dinner and Pullman.

The bridge was approached at a fair rate of speed and the engine, mail, baggage and express cars had gone on to the structure.

GO DOWN THE BANK

From causes not yet ascertained, the trucks jumped the track. The second class coach split in two as clean as if it had been cut with a knife, and the momentum of the train carried one half of the second class coach, with its passengers, the colonist car, first class car and dinner, on their tracks, down the bank.

The dining car is partly submerged and the first class car is a most wholly under water. It is impossible to obtain a correct estimate of the dead, reports varying all the way from thirty-five to forty-five. The number of injured will total between fifty and seventy. Fourteen passengers were enjoying lunch in the dining car when the accident happened, but it said they all got out safely.

CAR TAKES FIRE

About twenty-five passengers were in the first class car, which is partially submerged, and how many are dead will not be known until a diver now at work completes his labors. Twenty passengers at least were in the second class car, which took fire and was burned.

LATER

Details stamp the wreck as one of the worst in the history of Canada, with features terrible and gruesome. The first class car is submerged in fifteen or more feet of water, and it is hardly possible that any one on board of it escaped alive if they survived the plunge down the twenty foot embankment. Two young C. P. R. firemen from North Bay en route to Soo, where they had been transferred, are

beneath the water. They are Will Lavery and John Keasbeck. George McIlhenny, traveling auditor of the C. P. R., Montreal, is among the missing as are P. A. Monday, of the general fuel department of the C. P. R., Montreal, and P. Kinnahan, of Bruce Mines.

ESTIMATE IS KILLED

North Bay, Ont., Jan. 22.—The estimated number of dead in yesterday's wreck is forty-eight.

KENT-NORTHUMBERLAND S.O.T. DISTRICT DIVISION

The seventeenth session of the Kent and Northumberland District Division met in Harcourt on Friday, Jan. 21, with Rev. R. H. Stavert, D. W. P., in the chair, and Frank Curran, of Richibucto, D. W. A.

The other officers being absent, the officers were filled as follows: H. M. Ferguson, D. R. S.; Rev. A. D. Archibald, D. Chap.; Geo. Jardine, P. W. P.; Robert Stewart, D. L. S.; T. A. Clarke, D. Cond. Before the various reports were taken up a credential and a programme committee showed that there were in all 29 delegates present. These were as follows: Rexton, seven; Grangeville, seven; Harcourt, six; Richibucto, five; Douglstown, two; Newcastle, one; Millerton, one.

The delegates from Douglstown were Sterling and Miss Maud Wood. From Millerton, Mrs. Frank O. Baxter. The D. W. P. then gave his report. He spoke of work that had been done along temperance lines throughout the civilized world in general and of the good work which had been done in the province of New Brunswick—Kent and Northumberland counties included—in particular. In the work done there was much reason for encouragement. But while considerable had already been done there was still great need for more earnest and faithful.

In the absence of District Recording Scribe H. H. Stuart, his report was read by H. M. Ferguson. The report showed that the quarter had been a successful one. The divisions in Newcastle and Millerton were reorganized and were now at work again. Other signs of progress were noted.

The treasurer, H. W. B. Smith, reported that the finances were in good condition. After all dues had been paid there was on hand \$221.11.

At the last session of the district division Frank Curran had given notice that he would bring in a motion regarding leaving certain games of the nature of a dance which had been undoubtedly injuring a number of our divisions. After considerable discussion on the question it was agreed that whereas in times past a number of divisions had been injured by the playing of certain games of the nature of a dance at the close of the division session it was recommended that all public halls, school houses and rooms where divisions are held be closed immediately after the division had adjourned for the night.

The question of the best method of allotting the banner came up. It was agreed to leave the matter to a committee of three. The committee appointed was: Rev. R. A. Stavert, Frank Curran and T. A. Clarke. They were asked to report at the next meeting.

It was agreed that we the district division recommend that each subordinate division appoint some person to visit the various schools and with the permission of the teacher and trustees speak to the pupils on the subject of temperance.

It was agreed that the next meeting of district division be held in Richibucto on the third Friday of April at 3 p.m.

The officers for the ensuing year were then elected. The election resulted as follows:

- D. W. P.—Rev. R. H. Stavert, Harcourt (re-elected.)
- D. W. A.—Thos. A. Clarke, Newcastle.
- D. R. S.—H. H. Stuart, Newcastle (re-elected.)
- D. Treas.—H. W. B. Smith, Grangeville (re-elected.)
- D. Chap.—Rev. A. D. Archibald, Rexton.
- D. Conductor—Capt. George Irving.

FRANK D. NELSON, LUCIA NOLA OPERA.

WHY SUFFER?

Breathe Hyomei and Kill the Loathsome Catarrh Germs.

Just as long as you have catarrh your nose will itch, your breath will be foul, you will hawk and spit and you will do other disgusting things because you can't help yourself. The germs of catarrh have got you in their power; they are continually and persistently digging into and irritating the mucous membrane of your nose and throat. They are now making you life miserable in time; they will sap your entire system of its energy, its strength, its vigor and vitality.

But there is one remedy that will kill the germs and cure catarrh, and that is Hyomei, the Australian dry air treatment. Joseph Durick, of Woodstock Street, Tavistock, Ont., says: "Catarrh had given me all kinds of suffering for a long time. There was a swelling of the glands under the eyes and adjacent to my nose and the discharges would drop into my throat. I used several remedies, but never got the relief that I did from Booth's Hyomei. I have been so pleased with Hyomei results that I highly recommend its use to catarrh sufferers."

T. J. Durick, the druggist, will guarantee Hyomei to cure catarrh on money back. Don't delay this pleasant antiseptic treatment. Breathe in Hyomei and kill the germs. T. J. Durick will sell you a complete Hyomei outfit, including inhaler, for only \$1.00. It is also guaranteed to cure bronchitis, asthma, coughs, colds, hay fever and croup.

- D. Inside Sentinel—Frank Curran, Richibucto.
- D. Outside Sentinel—H. M. Ferguson, Rexton.
- D. S. Y. P. W.—Miss Flora Powell, Harcourt.

In the evening a public meeting was held. The district worthy patriarch, Rev. R. H. Stavert, was chairman. The following programme was carried out:

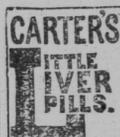

- Quartette—The Wayside Cross—Messrs. Archibald Zanzer, Geo. Irving and Robert Irving.
- Remarks—Chairman.
- Address—T. A. Clarke.
- Reading—Sterling Wood.
- Solo—Capt. Geo. Irving.
- Address—D. W. Clarke.
- Recitation—Miss Lizzie Irving.
- Solo—M. R. Dobson.
- Address—H. M. Ferguson.
- Solo—Rudolph Zunzer.
- Address—George Jardine.
- Recitation—Miss Grace Morton.
- Violin Solo—Robert Goldie.
- Address—L. J. Wathen.
- Solo—J. A. Wathen.
- Address—Frank Curran.
- Address—Rev. A. D. Archibald.
- Duet—The King's Business.
- Address—Rev. R. H. Stavert.
- National anthem.

CASTORIA. The Kind You Have Always Bought. Bears the Signature of *Wm. D. Galt*

PUBLIC SCHOOLS

At the second day's session of the annual meeting of the Commission of Forestry, Conservation, etc., on the 14th instant, Dr. R. H. Fernon, Dean of the Faculty of Forestry in the University of Toronto, made a detailed analysis of the conditions in the province of Ontario, and especially in the five land, Germany. As the result of Prussia and of Saxony had been the most varied and most successful in the world up to the best example of the nation of beginners. The scientific forestry to a country, especially he took for granted, and in support of this position, he stated that "Prussia" with but a half of Ontario's forests acreage reaped an annual income seven times as great. Germany's former adversity resulting in the present prosperity, should be Canada's opportunity, and to this end Dr. Fernon advocated a large measure of government ownership and supervision of forest resources. Meanwhile the technical education of the public to a proper appreciation of its forest wealth would make the problem easier of solution.

Prince Miguel, of Braganza, who recently married a wealthy American girl has been sued for a million dollars. There's a honeymoon. Think of the bride saying: "O Miggy show could you?"

CURE SICK HEAD

Sick headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Indigestion, Distress after eating, Pain in the Face, etc. While their most remarkable success has been shown in curing

Headache, yet Carter's Little Liver Pills are equally valuable in constipation, colic and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Buy if they only cure!

Ache they would be most precious to those who suffer from this distressing complaint, but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. Buy if they only cure!

Is the name of so many lives that have been saved by our great host. Our pills cure it while others do not. Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not grip or purge, but by their gentle action please all who use them. CARTER MEDICINE CO., NEW YORK. Small Pill. Small Dose. Small Price.

STRANGE AFFAIRS OF A E. I. GIRL.

Weird and Wonderful Occurrences of Supernatural Character.

World and a girl that was born in the neighborhood of a certain supernatural or occult power, which she inherited from her mother, who was a medium. The girl, Lucia Nola, was born in the neighborhood of a certain supernatural or occult power, which she inherited from her mother, who was a medium. The girl, Lucia Nola, was born in the neighborhood of a certain supernatural or occult power, which she inherited from her mother, who was a medium.

The mysterious events began several months ago, when Lucia Nola, aged 17, was taken to the hospital by one of the doctors of the University of Toronto. She was very strongly to the man who was to become her sister in law and in a fit of temper declared that she would as soon have a devil in the family as that girl. That night after she had retired the other members of the family were aroused by loud and unexplainable noises, which seemed to come from all parts of the house. Then their sister's voice shrieking in agony was heard and her brothers rushed to her room finding that she was lying motionless. When they reached the room they declare they found her floating in the air several feet above her bed. She was talking incoherently and in language much different from her ordinary conversation. The girl finally sank back to her couch and fell into natural sleep. The next morning when she awoke she knew nothing of the occurrence, and the brothers were almost convinced that they were suffering from delusions until night after night the same demonstrations occurred. None of the peculiar happenings, some leaked out among the unsophisticated but reverent country folk the idea spread that the girl by her sacrilegious remark had given her power over to the devil.

Curiosity overcame the natural feeling of reluctance to have anything to do with such matters, and the village people flocked to the house to see the girl. The peculiar phenomena continued and many people of the place were witnesses to happenings for which they could offer no explanation. The girl while in what seemed like a hypnotic trance, developed clairvoyant powers which added to the bewilderment of her friends.

Among other facts of this nature she told visitors how much money they had in their pockets and repeated the addresses and contents of letters in their pockets. Her trances were always accompanied by the unexplainable noises which had marked the first demonstration. The noises are described as beginning with a dull rumbling like distant thunder increasing steadily in volume and frequency and sounding like the muffled blows of padded boxing gloves, then gradually dying away again.

The demonstrations did not take place every night, but at repeated intervals, sometimes several nights in succession. As the stories of these peculiar happenings spread through the neighborhood the imagination of the neighbors became affected and many weird stories of ghostly happenings were recounted by people who had hurried past the house on which the girl lived. Several people are willing to swear to having seen the devil himself in the vicinity but over heated imaginations stimulated by a fear of the supernatural can easily be given credit for these visions.

Regarding Miss Chinene, however, credence must be given to much of the testimony which is thoroughly supported by many well known people.

The local doctors were called in to treat the girl but could do nothing. Priests were next called upon for assistance but their most earnest prayers failed to make any impression on the girl's condition. Meanwhile the

girl, Lucia Nola, was born in the neighborhood of a certain supernatural or occult power, which she inherited from her mother, who was a medium. The girl, Lucia Nola, was born in the neighborhood of a certain supernatural or occult power, which she inherited from her mother, who was a medium. The girl, Lucia Nola, was born in the neighborhood of a certain supernatural or occult power, which she inherited from her mother, who was a medium.

These theories, however, do not go far enough for others who have taken a scientific interest in the case and a more complete investigation by persons trained in psychology and occult sciences would have been welcomed. Among others what was advocated was the economy of exercise provided by the Catholic Church for those believed to be "possessed by devils." This theory has before now been called upon to explain the case of a young woman in Caranquet who several years ago gave evidence of a somewhat similar trouble. The long and solemn service was performed with great care and in her case a cure was reported.

Meanwhile as nothing has been done which has been successful in rescuing Miss Chinene from her sad condition, her health has given way, due perhaps to the strain under which she constantly labors even while in a normal condition. As nothing could be done apparent to help her in her own home, the unfortunate girl was on Wednesday taken to the Falconer Hospital for the insane where she will be given every care and attention that medical science can command with a view to ridding her of the strange influence which has been wrecking her life.

THE object of all expert bakers and cooks is to make a pure white loaf. And this object is attained by the use of

PURITY FLOUR

Purity is a hard-wheat flour of decidedly superior whiteness. It bakes into a pure white loaf. So, you see, to get the really beautiful white loaf you must use PURITY hard-wheat flour.
