### Serious Fire Last Night

Fire broke out last night at 11.30 o'clock in the Fish building occupied by Mr. LeRoy White as a Grocery and Mr. Geo. M. Lake as a Harness Store. It was one of the most stubborn fires that the Newcastle Fire Dept has had to contend with for some time. The fire started upstairs over the portion of the building occupied by Mr. White and spread rapidly through the walls to the part occupied by Mr. Lake.

The firemen played three streams of water on the building for upwards of two hours before they succeeded in getting it under control. The building was badly damaged and gutted with water and is practically a total loss.

Some of the stock carried by Messrs White and Lake was removed, but on account of the dense smoke, the larger portion was left in the building, and was badly damaged by water. Mr. White, and his brother Frank, who conducts the business, were both out of town on business at the time of the outbreak of the fire, but motored into town about 12.30 p. m. to find their place of business in flames and gutted with water. The origin of the fire is unknown and insurance is carried on both building and stock.

Mr. White carried \$1000.00 insurance on stock. Mr. Lake \$3500.00 on his stock and machinery, and Mrs. Jas. O. Fish \$1000.00 insurance on the building.
