

A Woman's Trouble

Stratford, Ont.—"I do think Dr. Pierce's Favorite Prescription one of the best medicines I have ever known for the ailments of women. I had for quite a long time been having woman's trouble which caused me to become all run-down, weak and nervous. I doctored but nothing seemed to give me relief until I began taking Favorite Prescription. This medicine gave me such wonderful relief that I am glad to recommend it to others."—MRS. A. GODWIN, 50 Brant St.

NERVOUS AND RUN-DOWN

Brampton, Ont.—"A few years ago I was in a nervous and run-down condition and felt greatly in need of a tonic. A friend who was being helped by Dr. Pierce's Golden Medical Discovery advised me to try it. It helped me from the very start and eventually restored me to perfect health. I feel in a position to praise the 'Golden Medical Discovery' very highly and to recommend it to all those who are at all nervous, weak or run-down."—MRS. ESTHER PEARSON.

Dr. Pierce's medicines are made of vegetable growths that nature surely intended for backache, headache, pains, irregularities, and for the many disorders common to women in all ages of life. Dr. Pierce's Favorite Prescription is made of lady's slipper root, black cohosh root, unicorn root, blue cohosh root, Oregon grape root and Viburnum. Women who take this standard remedy know that in Dr. Pierce's Favorite Prescription they are getting a safe woman's tonic so good that druggists everywhere sell it in liquid or tablet form. It is without alcohol.

There's a home for little children

NOT an orphanage or an institution—a home. THE children there are not all total orphans. Some have fathers; some have mothers.

IT'S a heart-warming sight to see fathers come there on Saturdays and Sundays to spend happy hours with their motherless bairns.

EQUALLY comforting is the appreciation of widows whose little ones are well taken care of while they are at work.

MANY totally orphaned little ones are very early placed in good homes where they may renew the love of father and mother.

TO preserve the atmosphere of home; that's the guiding spirit of the Orphan Children's work of the Salvation Army.

SIX MILLION JEWS ARE FACING DEATH

Starvation and Disease Cause Indescribable Suffering in Eastern Europe.

The hardships of this winter will mean death to thousands of Jews in Poland, unless outside aid intervenes at once according to Lieutenant Shelton Wright of the American Red Cross Commission to Poland, recently returned to the United States after months of relief work in eastern Europe.

He painted a vivid picture of this half-starved people, clad in rags, who are now creeping back toward their devastated homes after months of pelting wandering, and dying of starvation and typhus along the roads, as they go.

"Outside starvation, numerous diseases, attributed to malnutrition and typhus have killed men and women and children like flies," he said. "I remember a family trying to live under an over-turned wagon by the roadside. The mother was dead under a tree a few yards away—she had been dead for days. The father was stretched upon the ground dying of typhus. He died that day. Under the wagon were two little children, but under five, sick with typhus. An older child sat stupidly beside them—a girl driven out of her mind."

Many of the people are driven to making "bread" out of leaves and bark and "soup" out of grass and water. Lieutenant Wright reported. There was unpeppable joy among them when the American ships, loaded with relief supplies purchased with the funds raised by the American Jewish Relief Committee and other American Jewish agencies, and American and Canadian Red Cross supplies were unloaded at Danzig and other ports. In spite of the fact that the American Jewish Relief agencies are spending almost \$2,000,000 a month now on their relief work in Poland, and that the Red Cross is doing its work on so vast a scale, hundreds of thousands of Jews and Poles will die during the winter unless more aid comes.

"Every box of relief supplies returning to their homes has in it those who die along the way, and those who have contracted typhus," Lieutenant Wright said. "The people try to avoid disease by keeping clean, but it is impossible to do so, under existing conditions. Even our nurses and doctors fall ill of typhus, a disease caused by relief supplies."

The Red Cross and the American Jewish Relief agencies are doing their utmost to keep both the Jews and the Gentiles in these stricken lands alive. Six million Jews in eastern Europe face death unless immediate shipments of food, clothing, and bedding from Canada and the United States reach them before the cold weather sets in.

An appeal for funds is to be made in Ontario and a generous response from this district is confidently expected.

MOBS OF CHILDREN CRAVING FOR BREAD

Gaze Into Bakeshop Windows for Hours at a Time, Hoping for Something to Eat.

"The saddest thing in all Eastern Europe at the present moment—worse than all the other instances of starvation and even of death and disease on every hand—are the child-mobs one sees outside of the few bakeries that are able to keep going in Warsaw," Sholom Aach, the famous Yiddish playwright and poet reported to the American Jewish Relief Committee upon his return from Eastern Europe, where he went as a commissioner of the Joint Distribution Committee of American Funds for Jewish Sufferers from the War.

"In the bakery windows are a few loaves of bread, and sometimes cakes, that are sold at a simply prohibitive price," he explained, "and even if these were as cheap as in Canada and the United States, their taste would still be unknown to the hungry Jewish children, who live on the cup of soup a day they get from American Jewish relief agencies. But the youngsters tantalize themselves with the sight of food, when they cannot get the taste of it."

"They press up to the window, and at first merely stare respectfully at the bread, an uncanny little crew of gaunt small folk with old faces and suffering unchildish eyes. Perhaps it is raining, or the wind is blowing coldly through the tatters that they wear, that little barefoot army, but they huddle together for warmth, and do not stir. The sight of the bread has fascinated them, it is so rarely seen."

"A customer comes out, leaving the door ajar for a moment, and the warm fragrance of the bake-shop drifts out to the little ragamuffins, maddening them. They press closer to the window, their thin little faces against the glass. Those in front put out their tongues and lick the glass, as if, by so doing, they could taste the bread behind it. No poet could ever write into words the wistfulness of their faces as they do it."

"One of the men from the bakery comes out and drives them away every few minutes, else they would break the glass. They are afraid of him, and for a few minutes they stand at a distance, their eyes still upon the bread. Then hunger overcomes their fear, and they press up to the bakery window again. Soon they are eagerly licking the glass once more. And this goes on all day every day in front of the bakery window."

More money is needed to help feed these children, and an appeal soon is to be made in Canada for that purpose.

The New York market was professional in character. Trading was dull and prices tended easy.

CANUCK CURLERS FOR SCOTLAND

TORONTO, March 11—Secretary G. S. Pearcey, of the Ontario Curling Association, has received a communication from A. Davidson Smith, of Edinburgh, secretary of Royal Caledonian Curling Club, regarding the proposed trip of the Canadian curlers to Scotland next year.

Mr. Smith suggests that the tour be made so that the games can be played next January and that the team of six rinks be chosen from the various associations throughout Canada and be as representative as possible of each district. Mr. Pearcey is requested to communicate with the secretaries of the Canadian (Quebec) Manitoba and Nova Scotia branches regarding sending representatives. When the last trip was made in 1909, Manitoba and the west sent two rinks, Ontario two rinks, Quebec one rink, and Nova Scotia and the east one rink. Each of the six rinks also carried an extra man.

The Canadian curlers were to have sent a rink over in 1914 but owing to the war the trip was canceled.

Secretary Pearcey will sometime before the fall send out circulars to each member of the O. C. A., asking that they nominate a candidate for the trip, and from the various nominations the O. C. A. executive will make the selection for Ontario. One man from each association will represent that association on the team.

Grimsbey's last livery passed out of existence Wednesday afternoon when the Lawrie outfit of horses, vehicles and rigs were disposed of at good prices. The site will be occupied by the Chevrolet agency.

PREMIER DRURY TO MAKE THE O. T. ACT EFFECTIVE

TORONTO, MARCH 11—Several hundred delegates from the provincial prohibition convention descended upon Hon. Mr. Drury and his ministers at Queen's Park to make a "demonstration in force." The deputation presented a memorial but the visit to the parliament buildings was more in the nature of a declaration of support of the requests already made to the government by the executive of the referendum committee and the Ontario alliance for restrictive legislation.

The memorial, expressed the satisfaction of temperance forces with the declared sympathy of the government toward the cause of temperance, and urged that the government bring in such legislation as will further minimize the evils of the liquor traffic.

A definite request was made that the government apply itself to clearing up constitutional doubts that stand in the way of further advanced steps by the province against the traffic that still thrives.

"It is our sincere desire to make the Ontario Temperance Act effective and to enforce it in such a way that there will be no reaction for we must not jeopardise the permanent cause of temperance in the province. We are as anxious as you to make the act effective, and we will move to that end as swiftly as possible, but with due liberation."

Such was the assurance given by Premier Drury to the deputation.

ALLIES TO OCCUPY TURKISH CAPITAL

LONDON, March 11—The Daily Chronicle's Peace Conference representative writes: "The disciplinary occupation of Constantinople as it may be called to distinguish it from the ordinary occupation which followed the conclusion of the armistice, has been definitely ordered by the allied powers, and will be carried out at once. For the present it will consist of posting allied contingents at strategic points of the city on both sides of the Golden Horn. For this purpose there are troops enough on the spot, and more can be brought up in a few days."

Party-Line Consideration

A Two-party line is a single circuit, shared in common by two subscribers. It is not reserved for a single user and should be used on the share-and-share-alike basis.

On a two-party line it is impossible for both users to try to talk out on the same circuit at the same time. There is also the liability of both being wanted at the same time to receive incoming calls.

Therefore, there are special considerations which we urge a party-liner user to keep in mind:

1. Long conversations prevent the use of the line by the other subscriber, therefore party-line talks should be as brief as possible.
2. Whenever another party-line subscriber requests the use of the line for an emergency, courtesy should be prompt, the first user temporarily to give up the use of the line.
3. Whenever a party-line subscriber takes the receiver from the hook and finds the line in use, the receiver should be replaced at once in a careful manner.
4. At the end of a conversation the receiver should be replaced upon the hook immediately, otherwise the other subscriber cannot signal the central office.
5. Be sure always to give the operator the letters W or J in calling a party-line subscriber.

Co-operation is required to ensure good service of any kind.

Ford

WE ARE Ford Dealers in this district and have formed an estimate of the number of cars we will require to meet the needs of this territory. We cannot get enough cars to fill that estimate because there are not enough cars being made to fill all dealers' estimates throughout Canada.

The number of cars we can get depends upon the number of orders we send in and the early date at which we send them in, as the Ford Shipping Department follows the principle, "First Come, First Served."

Cars ordered now will not be delivered until March, and deliveries will be uncertain throughout the year. If you do not want to wait for summer or autumn delivery, come in and reserve your car by signing an order today.
