### EDMONTON NEWS

**LOCAL.**

R. E. Foote and family have moved to Ponoka and will camp for the summer. Mr. Foote has the supervision of the asylum being erected there for the provincial government.

Miss Edith Sanford, of Morris st., last night gave a linen shower in honor of Miss Kat Garrison, whose marriage takes place next Wednesday. There were about 120 young ladies present.

Ernest Broadhead, of this city, who was injured in the wreck between Vancouver and Seattle a few days ago, is improving nicely. Mr. Broadhead, who was employed with the Edmonton bakery, left here several weeks ago for Seattle.

The regular quarterly meeting of the local Council of Women will be held next Thursday at 3 p.m. in the Y. M. C. A. hall. After the meeting the question of securing a district nurse will be discussed, also the arrangements for the reception of the delegates to the quinquennial conference in July.

The residence of W. A. Hobbes, 240 Sixth street, was the scene of a happy event on Tuesday, June 15th, when Arthur Gladstone Carpenter, son of J. W. Carpenter, for many years member for Queens in the New Brunswick legislature, was united in marriage to Hazel C. Crandall, second daughter of Elmer E. Crandall, of Chapman, N.B., grand-daughter of Senator G. G. King. The ceremony was performed by Rev. F. W. Patterson, pastor of First Baptist church in the presence of his immediate friends of the bridegroom. Mr. and Mrs. Carpenter will reside in Edmonton.

**THE FAIR.**

A five mile marathon race will be held on the exhibition grounds on the first day of the fair.

Railway companies will offer the usual reduced rates on all lines for those attending the Edmonton exhibition.

**LITTLE BOY MISSING.**

A little boy, two and a half years old, named Nicholas Chorney, son of Daniel Chorney, of 168 Hamilton avenue, Fraser Place, a carpenter, disappeared from his home yesterday shortly after noon and has not since been seen or heard from. The police have been notified and last evening this morning made a hard search, but without result. It is believed that he may have wandered to the river and been drowned. The boy was dressed in black coat and pants with straw hat.

**MANY PRISON INMATES.**

For the first time since the Edmonton penitentiary was opened three years ago the number of convicts in the prison last week passed the century mark and there are now under sentence there 104 in all. The total received since the penitentiary was opened is 191, but a large number of those have been released on parole or have served their sentences.

Frank W. Kane, the young Ledue man who made the sensational escape from the B.N.W.M. Police several months ago, while en route to Strathcona by train, has entered upon a two year sentence, imposed upon him by Judge Taylor at Fort Saskatchewan. Kane is still suffering as the result of his jump from the car while it was running at the rate of 25 miles an hour.

E. D. Smith, of Bassinford, has been brought to the penitentiary to serve a four year sentence for horse stealing.

The strength, endurance and good work of the Massey-Harris Alberta Mower is a King.

### SON AND BROTHER VISIT MURDERER BARRETT

Relatives of the condemned man came up from Butte, Montana. The hanging may take place at Saskatchewan instead of the Penitentiary.

The condemned murderer Gary R. Barrett, who is to be hanged on July 14 next, is reported to be little disturbed by the fatal sentence that hangs over him. He sits and reads the Bible, and sleeps regularly and spends considerable time in reading the Bible during the day. Up to the present he has expressed no remorse for his awful deed but ever contends that he has been the victim of persecution and illusage for years.

**"BLACKHAND" SENTENCED.**

Given Fourteen Years for Blackmail at Fernie, B.C.

Fernie, B.C., June 16.—The assizes were completed this evening. Leech was found guilty of forgery and was sentenced to seven months from the time of his arrest. He has served six months and 11 days of that term. The Lockhart case regarding the alleged misappropriation of fire relief funds was adjourned till the fall assizes to be held in Nelson.

Lockhart's counsel was against the trial being held at Fernie, as he said the local people were prejudiced against him and if found guilty he felt sure it would be done by a clique here. He wanted the trial adjourned to Cranbrook as he felt sure that justice would not be given here.

The judge said he had no authority to grant a change of venue and that he was not an assize town, and that he would adjourn the case till the Nelson fall sitting as the feeling in Cranbrook, even if he had authority to take the case there, was strong against Lockhart.

Joseph Rametta, charged with a black-hand offence and breaking jail, was sentenced to 14 years on the former charge. Evidence was given by Alex Rizzuto and Louis Caronello that they had received threatening letters demanding \$3000 respectively, under threat of burning their places and of death.

**Wants Hanging at Fort.**

Warden McCauley is naturally averse to having the hanging take place at the penitentiary and is endeavoring to have it transferred to the R. N. W. M. P. barracks at Fort Saskatchewan. A hanging in a penitentiary is said to be without a precedent in Canada, and the matter will be taken up with Hon. Chas. Murphy, acting minister of justice, and G. W. Dawson, inspector of penitentiaries, upon their visit to the city next week. In the meantime Sheriff Robertson is to whom the duty of the execution devolves, is negotiating with Radcliffe, the official hangman, to have his services rendered in the hanging of King, the Peace River murderer, in Fort Saskatchewan in 1905.

**THE "UNUSUAL INCIDENT."**

Calgary Lawyer Heaves Legal Clothes At Newspaperman.

Calgary, June 16.—What is termed in his newspaper as "an unusual incident" occurred, but which Mr. R. B. Bennett, who was one of the principals in the case, is "not unusual, and is not creating a precedent by any means" occurred in the high court yesterday during the hearing of a case for the enforcement of a mechanic's lien, in which Mr. Sanford Davis is the defendant, and Messrs. Head & Co. et al, the plaintiffs.

The incident referred to was nothing more than a "little squabble" between Mr. Bennett, who is appearing for the plaintiff, and Mr. Justice Stuart, who is trying the case. Mr. Bennett, in the course of his examination of the defendant, Mr. Bennett is said to have taken a wrong tack, with the result that Mr. Justice Stuart, in the method of asking questions, claiming that they were in the nature of insinuations against Mr. Davis.

**LABOR CONDITIONS.**

Fifteen Strikes in May—Ninety-Three Fatal Accidents.

Ottawa, June 17.—The labor department reports that during May there were 15 trade disputes in Canada, an increase of two compared with May, 1908. Thirty-two firms and 4759 employees were affected, the loss of time being approximately 96,307 man-days. Industrial accidents occurred to 278 individual workpeople in Canada during May, of which 93 were fatal. Lumbering headed the list with 27 fatalities, while the railway services came second with 23.

### MANUFACTURERS MUST SEEK PURCHASERS

Canada Offers True Field for Initiative of British Manufacturer—Political Means Useless.

Manchester, June 18.—Responding to the toast of the Imperial Press delegates at the luncheon given by the Lord Mayor, M. E. Nichols, of the Telegram, Winnipeg, remarked that during the last thirty years British manufacturers apparently have been alive everywhere, except in Canada. Canadians would not go in search of British-made articles when articles of foreign nations were brought to their doors, which is the position in Canada today. No political device could reverse the British manufacturer to his former prestige in Canada. It could only be accomplished by the manufacturer himself, through energetic initiative and intelligent promotion end above all, by a little real vital interest in the Canadian market. (Applause.) It would be more than a profitable enterprise, for the manufacturer, for with greater trade would come a better knowledge of each other and a nearer approach to the common viewpoint. Dealing with imperial defence Mr. Nichols said when it was thought Britain's mastery of the sea was imperilled Canada did not talk of neutrality. One talked of Dreadnoughts. He personally thought the gift of a Dreadnought would have had an educative influence on foreign nations, but anyway Britain would not find Canadians evading their obvious duty. The value of Canada's tonnage lay in the preservation of the power behind it, and Canadians now were more interested in the prompt performance of a long-neglected duty than in the manner wherein this duty should be discharged. (Applause.)
