Dear Sirs,—Nearly one year ago I had my first known in this country, and I gave samples to several families whom I knew would use it. After a few weeks I began to have a call for it, and trade has increased wonderfully since I have not the least doubt that it will soon be the best selling nemedy for coughs, colds, etc., on the market. In my store here sales are good and our people ask for it. Several stores in this county now keep it in stock and report sales increasing. I have bought from you since August 16th, 1907, 4 Gross and have only three dozen on hand at this date, and which I am holding for retail trade in my store.
