### USE BEAVER BOARD!

If your new home is ready for walls and ceilings, or if you  
have some remodelling to do, don't wait for spring to plaster,  
but use BEAVER BOARD right now. BEAVER BOARD takes the  
place of lath and plaster; it may be decorated at once with  
paint in oil or water color and the house can be occupied at once.

BEAVER BOARD will not crack and never needs replacing.  
It is used for every class of building—home, store, office, &c.,  
wherever you want durable, artistic, sanitary walls and ceilings.

We will show you how you can use BEAVER BOARD for  
your building or remodelling. Call, write or telephone.
