When considering the purchase of a Piano
 it is better to be guided by the testimony of the
 world's greatest artists and our own leading
 musicians than by extravagant advertising
 claims.

The reputation
 of the
**CHAPPELL
 PIANO**
 is world wide.

Some of the earliest instruments imported
 into this country were Chappell's, and after sixty
 years' service are still in use. There is one in
 the city to-day over 100 years old with traces
 of its original beautiful tone still strongly in
 evidence.

The wearing qualities of the Chappell Piano
 testify to the absolute superiority of English
 workmanship.

POST—PAST—POSTUM

Charlie Post, a newspaper man, went to Battle Creek, Mich., on a health
 trip. They gave him good food tonics compiled from herbs and other
 things which made him well and set him thinking.

Shortly afterwards he formed a company with a cash capital of \$700,
 and to eliminate counterfeits he called his product POSTUM. When he
 died a short while ago he left \$20,000,000, and his company is rated at
 \$33,000,000.

The first shareholders have made thousands per cent. in annual divi-
 dends, simply because they had judgment and courage.

Knowing what it is made of,

 other high priced lines, but it
 has.

N. B.—Within the last few months I have played on Emerson

 the exception of a small portion of the centre, which was a bit
 worn, the Pianos were practically as good as the day they were
 sold.
