Rotary Club.

During the past few days represe tives of the Rotary Club have visite Bishop Feild College, St. Bon's College, St. Patrick's and Holy Cross Schools, and Methodist College, delivering instructive addresses to the boys. Rotarian Bertie C. Gardner who spoke on the "Value of Thrift" in a very clear and pleasing address, pointed out to the boys the value of thrift as opposed to wastefulness. He instanced many cases in which waste could be avoided, and the habit of thrift acquired, and the boy who made the most of his time, his property and other resources would reap untold benefits in the years to come, and has a distinct advantage over the boy who was inclined to be careless, wasteful and destructive.
