## USE JELL-O for health

Good, high-grade gelatin contains much real nourishment, is very easily digested and is consequently an ideal supplementary food even for very young children.

Add to real good Gelatin genuine fruit juices full of vitamins, plus pure cane sugar and you have JELL-O, one trial of which will plainly tell you why it stands supreme wherever it is used.

### SOMETHING NEW UNDER THE SUN

New! New lines, new design, new comforts! If these phrases can still mean anything when applied to a motor car they most fittingly describe the new Chevrolet.

So often are yearly models introduced by such descriptions that they have automatically lost some force. That is, as ordinarily used.

In connection with Chevrolet however, the phrases are filled with meaning. For the Chevrolet about to be revealed is new, actually new, in practically every feature.

It is hard to realise, in this age of rapid automotive development, that a great deal of improvement can be made in a car at one time. But Chevrolet engineers have apparently evolved a state of development hitherto considered impossible in the small, relatively inexpensive car.

The new Chevrolet at the least merits new consideration. By its startling improvement, it will repay the curiosity of even the most casual. And for those interested in the small, light car, it may easily have a great deal to offer.
