

American Despatches.

New York, Oct. 31.—This evening about 4000 Fenians assembled at Masonic Hall, on 18th street, and forming a procession, advanced down Broadway and Brook-st., and drew up in front of the Metropolitan Hotel, where Capt. Deery, who was released from the police at Manchester, has been staying since his arrival in this city.

Guelph Evening Mercury

FRIDAY EVENING, NOVEMBER 1.

BISHOP STRACHAN.

We exceedingly regret the mistake which our Toronto correspondent made us commit yesterday, in sending us a telegraphic despatch which we published, that the Lord Bishop of Toronto died yesterday at twelve o'clock. We can only account for the mistake he made, on the supposition that the report of the venerable prelate's death was current in Toronto, which, by last night's Toronto Telegraph we see was pretty general in the city, and without making proper enquiry sent us on the news.

The Banks and the Government.

The Globe's Ottawa correspondent says the deputation from the Western Banks met Sir John A. Macdonald, Mr. Galt and Mr. Howland yesterday afternoon, and had an interview of over two hours duration. The bankers submitted to them their programme, and a lengthy conversation ensued. The points pressed on the Government were, that the Bank of Montreal should be required to redeem legal tenders at the place where they are issued, whether at Toronto or Montreal, and that the Bank of Montreal should only be permitted to demand a settlement of balances from the other banks at the places where it redeems Provincial notes.

TRADE AND NAVIGATION.

The annual returns of the Trade and Navigation for the Province of New Brunswick have been published. The returns show a large increase over former years, in the value of imports and exports and the amount of revenue received. The total tonnage entered inwards from ports outside the Provinces at all the ports of New Brunswick in 1866, was 4,429 vessels, measuring 899,202 tons, against 3,900 vessels, 754,876 tons in 1865, and the tonnage cleared in 1866 from the Provinces at all places outside the Province, was 4,261 vessels, 990,285 tons, against 3,838 vessels, 807,161 tons, in 1865.

THE KINGSTON MURDER.

Late on Wednesday night the trial of Allen was concluded, and the jury after an absence of half an hour brought in a verdict of guilty, with a recommendation to mercy. At nine o'clock on Thursday morning the two remaining prisoners, Gemmill and Howard, were placed on their trial, being tried jointly. A jury was empanelled, after numerous challenges and similar evidence to that in the case of the Queen vs. Allen adduced on the part of the Crown, the accomplice Whelan or Jones being again put in the box as a witness for the prosecution.

The Alabama Claims.

The London Standard says that Mr. Seward's last letter on the "Alabama claims," is, perhaps, one of the most extraordinary public documents that ever emanated even from the American Foreign Office. A correspondence had taken place respecting the reference to arbitration proffered by Lord Stanley. Mr. Seward had very coolly intimated that it might be better and easier for Great Britain to pay up the American demand at once than to take the trouble of a reference to arbitration.
