Advertisements for the WEEKLY MERCURY should be handed in as early as possible on Wednesday morning in order to secure insertion.

Evening Mercury.

OFFICE:.....MACDONNELL STREET.
TUESDAY EV'NG, JUNE 2, 1868.

SCALDED.—We have heard that a child belonging to a family named McIntosh, residents of Paisley Block, fell into a pot of water a few days ago and was badly scalded. It is recovering.

PACKED UP AND GONE.—By-law No. 170 (?) for licensing, regulating and governing transient traders has had a salutary effect. Martin Boyle having been fined under it, packed up his goods, put up his shutters, and departed yesterday.

STEAM POWER AT KINCARDINE.—The village of Kincardine now boasts of having ten steam engines at work within the limits of the corporation. A year ago it had only half that number.

MEETING OF PRESBYTERY.—A meeting of the Presbytery of Guelph was held in Knox's Church to-day, (Tuesday), to receive a petition signed by 114 members, and 45 adherents, representing altogether 370 persons, connected with Knox's Church, praying the Presbytery to grant a third congregation. The petition was received, and all parties interested were cited to attend at the next meeting of the Presbytery, to be held on the first Tuesday in July.

GAZETTED.—The following appointments have been made:—To be Captain, (acting till further orders), Lieutenant Michael Lyons vice J. McNair, whose resignation is accepted. To be Lieutenant, (acting till further orders), Ensign James Colquhoun vice Lyons, promoted. To be Ensign, (acting till further orders), Sergeant George A. Shark vice Colquhoun, promoted.

A DESP'RING ACT.—While the express train bound East on Wednesday morning of last week, was running between Widder and Parkhill, says the Review, the engine driver and fireman noticed a child lying on the track. At the rate the train was going it was impossible to stop it in time to save the child's life. The fireman stepped out on the pilot and snatched the child up and saved it from instant death. Such an act of heroism deserves the highest praise, and ought to receive due reward.

The Rev. W. Morley Punshon delivered a lecture, "Daniel in Babylon," before a large audience in Toronto, on Friday night. On Saturday last accompanying a report of the lecture in the Telegraph was a wood-cut of the eminent divine. If we have been presented with a true likeness his nationality is not easily mistaken.

KNOX'S CHURCH.—At a general meeting of the congregation in connection with the above church on Monday, the following gentlemen were elected managers for the current year:—Chas. Mickle, Geo. Carter, Thomas Manderson, James Cleghona, John Carter, Robt. Cleghona, Geo. Hood, Wm. Wilkie, Francis Small, Peter Hunter, George A. Bruce and H. Berry. After the managers had been elected, subscriptions were then taken for the erection of the new church, which amounted to about \$4,500, inclusive of the amount derived from the sale of the old church. A meeting of the ladies of the congregation was also held in the lecture room, when they formed themselves into an association for the purpose of raising money, and otherwise assisting the managers in their onerous duties. The young ladies and gentlemen have also formed themselves into Committees with the same object in view.

DEATH OF AN OLD GUELPH PIONEER.—It is with regret we record the death of Mr. Robert H. Bechan, formerly a resident of Guelph, and subsequently of Detroit. Mr. Bechan learned the printing business in this town, and shortly after his time was out he went to Detroit, where he soon took a foremost place among the compositors in that city. The incessant labour and close confinement began to tell on his constitution, and the seeds of that disease were laid which afterwards carried him to his grave. After some time he became a partner in the Detroit Daily Union, and threw all his energy into the new enterprise. But while it prospered his health continued to fail, and the bronchial affection, which began to trouble him some time before, assumed a serious aspect. He made several visits to Guelph and to his friends in Garafaxa in the hope that rest, a bracing atmosphere, and complete cessation from work would conquer the disease. But it was not to be. Last spring he passed through Guelph on his way to Garafaxa, and there he died last week, in the 25th year of his age. He was greatly respected by all his friends and acquaintances.

WESLEYAN METHODIST CONFERENCE.—This important body opens its annual session at 11 o'clock on Monday.

Town Council.

The Council met on Monday night. Present Mr. Mitchell, Deputy Reeve, in the chair; Dr. Herod, Messrs. Holliday, Harvey, Howard, Thomson, Day, Buckland, Sayers, McCurry, Mays, Mitchell and Melvin.

The Clerk read a communication from the joint Board of Grammar and Common School Trustees in which it was stated that they would require for school purposes for the current year the sum of \$3,178.83. An account for the keeping of Mr. Sheehan, a lunatic, and for the conveying of him to the asylum, amounting to \$27.40, was also presented. The Clerk further read a communication from the Reeve of Georgetown enquiring whether the old fire engine was for sale, and intimating that the corporation of that village would purchase if the price did not exceed \$300. The "Victoria" is not in the market at present.

Mr. Mitchell read a petition from John Hunt, praying for the remission of \$2 dog tax, as he possessed no animal of the canine species. Mr. Sayers read a petition from Michael Laysight praying that an error in assessment might be rectified. Part of the property on which he lived was assessed to Thos. Lysaignt, and as the petitioner had to pay the whole taxes he wished his name to appear on the roll.

Mr. Holliday read a petition from Wm. Dwyon praying for reduction of taxes on account of an unoccupied brewery. The foregoing petitions were referred to Finance Committee. Mr. Thomson read a petition from Joseph O'Connor and others praying that the Council would buy by contract the watering of Wyndham-st. and Market Square from the Wellington Hotel to Miller's Saloon, and levy a special rate therefor.

Moved by Mr. Thomson, seconded by Mr. Howard that the petition of Joseph O'Connor and others be referred to the Road and Bridge Committee, and that they be now instructed to attend at once to the same.—Carried.

Mr. Holliday presented the report of the Road and Bridge Committee as follows:—Your Committee on Roads and Bridges beg to report that they have considered the petition of Thos. Ellis in reference to the accumulation of surface water, and recommend that the prayer of the petition be granted. The cost of drainage will be about \$10. Report adopted.

Dr. Herod presented the report of the Market House Committee, which was as follows:—The Market House Committee beg leave to submit their report giving the approximate revenue expected to be derived from the market, and submitting what they consider will be necessary for the repairs, alterations and other expenses for the current year. The estimated revenue is as follows:—Market fees, \$3,500; Fees from Market Sheds, \$26; Butchers' Stalls and rents \$312; Town Hall rents, \$250—total \$4,325.

The following are the estimates of expenditure:—Amount already expended \$213.99; alteration of Police Court, \$20; removal of weigh scales and building cattle yard, \$300; taking care and repairing clock, \$40; expenditure upon new eave-trough, \$100; papering and painting two new rooms adjoining Police Court and Council Chamber, \$43; fire grate in Clerk's office \$20; incident's expenses, \$100—total \$836.99.

Referred to Finance Committee.

Mr. Harvey presented the report of the Fire and Water Committee. They recommend that the sum of \$1,500 be appropriated to meet the current expenses of the present year. Referred to Finance Committee.

Mr. McCurry presented the report of the By-law Committee. They required an appropriation of \$200 to provide for expenditures connected with railway purposes. Referred to Finance Committee.

Mr. Melvin drew attention to the fact that there was yet no appearance of the tanks being put down, although the contract had been let in March. There was a necessity for the work being proceeded with immediately, as there were places in town where, if a fire broke out, the new engine would be of little service for want of water. He hoped the Fire and Water Committee would see to it that the tanks were constructed as speedily as possible.

Mr. Harvey said the Committee had been at a loss where to sink the tanks and could not yet very well determine, as every part of the town could be covered except Nelson Crescent.

Dr. Herod could very well see the risk which might be thrown on the Council with their fire engine if a fire occurred in a place where there was no water, and he thought the Council should think it very necessary that the work of constructing the tanks should be no longer delayed.

Mr. Thomson thought the remarks of Mr. Melvin and Dr. Herod just and appropriate. Even if Wyndham-st. could be reached by the hose from the river a considerable time would be occupied, and much damage might be done before the engine was got into play. If we are to have tanks it should be determined where their situation is to be, and have them at once put down.

The Clerk by request read the contract with Mr. Armstrong, by which he is bound to build four double water tanks for \$1000 (one-fourth of the money to remain until they have been inspected) and to have the work completed by the first of July.

Mr. Thomson said it would be observed that the Finance Committee had frequently reported on loss sustained from recently landed lands. He therefore offered the following motion, seconded by Dr. Herod: "That the Clerk be and is now instructed to prepare a statement of the amount of loss which this corporation sustained by having to refund money to recently reported on loss sustained from recently landed lands. He therefore offered the following motion, seconded by Dr. Herod: "That the Clerk be and is now instructed to prepare a statement of the amount of loss which this corporation sustained by having to refund money to recently reported on loss sustained from recently landed lands. He therefore offered the following motion, seconded by Dr. Herod: "That the Clerk be and is now instructed to prepare a statement of the amount of loss which this corporation sustained by having to refund money to recently reported on loss sustained from recently landed lands.
