The Pinkhams Air Their Troubles Before the Police Magistrate.

The Husband's Story-Why He Telegraphed that He Was Dead-Heavy Fines on Drunks.

Abraham Pinkham, the man who telegraphed to his wife from Aylmer that he was dead, but was found to be quite lively when his brother went to bring year, 14,152; increase, 3,509. the body to London, was before Police Magistrate Parke this morning, charged with want of sureties to keep the peace towards his wife Lizzie. The case the court could not refrain from smiling. The Pinkhams have only been married since April 10, 1893, but in those

married since April 10, 1893, but in those two and a half years domestic broils thave been frequent, while the family troubles were added to by the arrest of Abraham over a year ago on a charge of stealing grain from other men's barns in London township. For a time the home of the Pinkhams was happy, but Abe's conduct in many respects didn't suit his wife, and the latter objected. One thing led to another, until about three months ago, when they separated, the wife claiming that Pinkham abused her and would not work to keep her. He had run away, also, because she sent for a policeman. Abraham had never struck his wife with his fist, but she says that once he caught her by the ram and shoved her against the stoye and chimney until she was covered with bruises. These she carried for weeks. Abe also went so far as to threaten to choke her to death. On account of the many telegrams and letters received. Mrs. Pinkdeath. On account of the many telegrams and letters received, Mrs. Pinkham was really afraid of her partner, who was her third husband. She had

married him after an acquaintance of six weeks. Pinkham took no stock whatever in the story as told by his wife. "I don't care whether I ever see her face again or not," was the first information he gave the magistrate. He said he was able and willing to work, but there were many times when his wife had acted contrary to his wishes and caused him to lose situations. The original cause of the trouble, he said, was Pinkham's step-son, who, the prisoner claimed, threw stones at him without cause. The wife was informed of the boy's conduct, but all she did was to call her husband vile names, so the

latter said. Pinkham told his side of the story in such an unhesitating manner that the magistrate remarked he was a fair talker.

Variable Autumn Weather Seals the Fate of Rheumatic Sufferers,

Victims of Rheumatism Find a Cure in Paine's Celery Compound.

Nothing Like It for Banishing the Awful Disease.

Old and Chronic Sufferers Are Made Hale and Strong.

Mrs. William McWilliams, of Bras. ford, Ont., writes as follows about his

"Unsolicited, I forward this testimonial as to the value of Paine's Celery Compound. I am well up in years and was sorely afflicted with rheumatism. I purchased and used six bottles of your medicine, and am now perfectly well. I have no rheumatism.

The above is just an ordinary sam-ple of the proof that cured people furnish every week.

Let us utter a few words of warning to all who feel the pangs of a disease that makes life a misery and a burden. The most dangerous season of the year is now with us; there is no necessity to enlarge upon this fact. Chilling winds, damp weather and heavy impure atmosphere aggravate every condition of rheumatism and brings many a sufferer to the grave.

Take courage all victims of rheuma-tism. If you have failed with doctors and the ordinary medicines of the day, remember you have not yet given Paine's Celery Compound a trial. This marvellous medicine has made new men and women of thousands who were pronounced incurable by physicians. It can and will do the same good work for you, if you fairly and honestly use it for a time. Mr. Mc-Williams' case was one that baffled all other medicines but Paine's Celery Compound, which proved victorious at every point, giving him a new and better life. Go thou and follow his example.
