Uniformity in Price

That is what the people of today demand. You cannot mark one one or two lines away down, and think that, by thas doing, it is possible to get long margins somewhere else. That day has gone by, and we believe forever. One of the great characteristics of our establishment is

that all goods are marked in plain | = figures, and at such uniform low prices as to commend them to the intelligent public. The woman who cares to cut down her household expenses trades at our two busy departmental stores, and she trades here because she knows it is impossible to buy goods for as little elsewhere.

Beautiful Millinery.

We are devoting special attention to this department, and show the daintlest conceits, the most exquisite creations and sweetest head dressing for this season of the year that can be found or produced. You will find everything you need here at the lowest prices. And we will thank you for your

> Ald. Parnell (chairman), Pritchard, D'Meara, Wm. Heaman, Dreaney and Cooper, Engineer Graydon, Assistant Engineer Ironside, and Secretary Bell attended the regular meeting of the Board of Works last night. The meeting was unusually mild, until the last item of business on the secretary's paper was disposed of, when Ald. Cooper turned to the engineer and asked what he (Mr. Graydon) was going to have done to Wellington street, from Queen's avenue to Central avenue.

Mr. Graydon replied that nothing was to be done, as the street was in good repair, and would be all right after the First Methodist Church conthat the General Conference has the tractors had removed their belongings

from it. But Ald. Cooper added that the two blocks from Dufferin avenue to Central avenue, which face the park, were in bad shape, and the property owners on the east side annual conferences of the following of Wellington street, with one exception had signed a netition for an as-General Conference and a three-fourths phalt pavement.

Ald. Dreaney gave it to be understood that he would not support a petition for the pavement mentioned, as the city would have to bear the expense of the whole Victoria Park frontage of the thoroughfare. Ald. O'Meara made a remark about the matter which led Ald. Cooper to say: "Now, Ald. O'Meara, you pro-

"'Twas a bad hole," said Ald.
Cooper. "I saw it the day after the

accident, and it was when I was on my way up that I was caught riding my bicycle on the sidewalk."

The claim was laid over for a week.

clerk to ascertain if the men were or are on the voters' lists.

Engineer Graydon recommended that the telephone, telegraph and other poles on Stanley street be removed to the inside of the sidewalk. This would give about three feet more for the roadway.
