Appeals to American People to Resent Government's Treachery

Says the United States Has Violated Its Word and Compromised Honor of the Nation.

New York, Nov. 19. - In response to a request telegraphed to Bogota with a view to ascertaining the attitude of the press and people of Colombia concerning the isthmian situation, the following, delayed in transmission, has just been received: Bogota, Nov 16-The Colombian people protest and appeal to the American people against the conduct of the Government, presided over by Mr. Roosevelt. The United States is solemnly obliged by the treaty of 1846 to guarantee the rights of property and the sovereignty of Colombia

in Panama. Now the American Government has violated its word and hence has compromised the honor of the American people. Colombia has wished and wished that the United States shall open the canal through Colombian territory. The disapproval of the Hav-Herran treaty was due to constitutional obstructions, which can be legally removed by the Colombian people and which were made worse by the diplomatic courtesies of the department of state and its representatives here.

Dowie for Paris.

Paris, Nov. 19.-An invasion of this city by the Zion restoration host is not considered improbable. Mrs. Dowie, who is now here, said that Paris was an inviting field for Dowieite endeavor, and intimated that a great Zion stronghold would yet arise under the shadow of Notre Dame. Mrs. Dowie positively declared that the invasion of New York was a success, and that the Zion seed sown there would yet bear an abundant harvest. She strongly denied the rumors that she was carrying a large sum of money to Australia, and denounced godless the reporters of the American press, who she said, had caused such reports to be spread in European centers.

Boer Party Defeated in Cape Colony Elections

Jameson, Win a Bitter Contest.

Cape Town, Nov. 19. - A complete count of the votes cast in the election on Nov. 11 for members of the legislative council shows that instead of the Bond, or Dutch, element having gained a victory, as was expected, the Progressives, or British, have a majority of one in the council.

Cape Colony has been for some weeks past absorbed in a general election, in which Canadians, as in duty bound, took the keenest interest. The Africander Bond, under its various aliases. was working desperately for victory which would mean the perpetuation of racial antagonism in Cape Colony, which is now the most serious politi cal factor in the South African situa tion. Had fortune smiled on the bond. its leaders, Messrs. Merrimon and Sauer, would aspire to reproduce a situa tion similar to that existing before the war, but with Cape Colony in the po sition then occupied by the Transvaal. viz., as the center of Boer ambitions.
