Cheese—Easy; American finest white, old, 58s 6d; new, 47s.

Canada Landed—Prime city, 25s; Australian (in London), firm, 25s 6d.

Turpetine—Cumberland cut, 62s.

Petroleum—Refined quiet, 5½d.

Linseed—Firm, 11s 2½d.

Cottonseed Oil (Hull refined)—Spot steady, 18s.

Receipts of wheat during the past three days were 22,000 cwt., including 14,000 cwt. from the United States.

Miss Sarah Orchard, only daughter of John G. Orchard, York street, died very suddenly at her home this morning.

She had just completed arrangements for spending a three-month vacation with friends in Durham and Orchardville and expected to have left Wednesday morning, but was taken ill during the night. Medical assistance was summoned immediately, but she was unable to recover and gradually weakened until death came as stated.

Miss Orchard was born in Gray County, but spent her girlhood in this city, where she will be missed by a very wide circle of friends. She is survived by her father and mother and two brothers, who will have the sympathy of the whole community in their sudden bereavement.

The funeral will take place on Sunday afternoon from the family residence.

The Sultan of Turkey is abstemious in most things. He eats little, but smokes much. He retires at midnight and is generally up before 5.

Frail - - - Beauty

Beauty is but skin deep, and it is well that it is so. The skin should look after. Keeping the skin soft and smooth is the first essential. Just keep Balm-Zoin in mind. It obliterates wrinkles, removes freckles and tan, heals sunburn, preserves beauty and gives comfort. No stickiness, no grease, no harm and little expense. 25 cents.

STRONG'S DRUG STORE

184 Dundas Street.
The first requisite to success in baking is to use a good, pure baking powder—that's Strong's; 25c a pound.

BILLY GRAY AND THE WORKINGMAN

(Continued from page 1.)

Labor Council, in company with Joe Marks. In an interview with The Advertiser yesterday, Mr. Smith gives his word of honor that he had nothing to do with it and Mr. Marks bears him out.

Getting away as quickly as possible from these distortions of the truth, at which the recording angel must weep, let us turn to the workmen's friends who don't need any false colors to paint them up.

Mr. Hyman will speak at the Jubilee Rink tonight. He is in the best sense a workman. He has worked up. He is a large employer of labor. The Edmonton Bulletin is a force in his cap.

all times. The Grand Trunk Provincial Bill is a feather in his cap. It was Mr. Hyman's statesmanlike foresight that loked the bill into shape and put the workman, seeking redress for his injuries, in a position to tire out the fat purses of the rich railway corporations.

Frank Oliver, the Minister of Interior, will speak. Frank Oliver is a workman, who has risen through sheer merit. He began as printer's devil, worked at the case, and as a young man went out west and grew up with the country. He carried a handpress and an outfit of type across the prairie from Winnipeg to Edmonton.

He set up his own paper, ran it off; distributed it, and was everything from chum boy to editor and business manager. Mr. Oliver has more help now. The Edmonton Bulletin is a force in the west. Frank Oliver, the workman, is a cabinet minister.

Ralph Smith, M. P., will speak at the meeting. He is originally a Cornishman. He is a coal miner. He worked twenty-five years underground, and the callouses are there on his hands yet. He rose to prominence in British Columbia. He is a workman and a true friend of labor, whose cause he upholds day in and day out in the Parliament of Canada. Ralph Smith is worth going to see and hear.

Billy Gray's picture as a workman will be found at full length on page 7. It is in the form of an affidavit. Look at it closely. Afterwards ask this question: If Billy Gray is a workman whom has he been trying to work?

T. S.

UNDER THE GUNS RAILWAYS MUST

OF U. S. WARSHIPS COME TO TIME

Russian Cruisers at Manila Commission Will Compel Them

Ordered Dismantled by Uncle Sam.

Washington, June 9.—Secretary Taft has received the following cablegram from Governor Wright at Manila:

"Russian warships did not leave harbor within the required 24 hours, and as a result are now in the custody of Admiral Train, who informs me he has taken necessary steps to intern them. They are now behind the breakwater, under the guns of the Ohio. He will disable their machinery and remove breech-locks on guns. He has doubtless reported full details to navy department."

Major Campbell, Engineer Graydon, City Solicitor Meredith, Mr. Arthur White, president of the board of trade, Mr. Frank Leonard and Mr. John R. Minihick returned this morning from Ottawa, where they appeared before the railway commission in regard to the inter-switching between the C. P. R. and G. T. R.

Major Campbell was seen at the city hall, and he said the deputation was very well satisfied with the result of the trip. The commission issued an order to the effect that the railways to carry out their line with the C. P. R. inside of fifteen days, and it also gave the companies time to furnish each other with data as to the amount of business done by them in London. While the commission did not set any specific time for the fixing of rates, it was understood that if the companies could not agree in this matter, an interim order would be made.

It is a remarkably good showing, considering that this year's camp is split in two, and the Twenty-second (Ontario) Regiment is absent. Last year the strength of the camp was about 2,500. It must be remembered that the Twenty-second (Ontario) Regiment is absent.

Following is the present strength of the various corps: First Hussars, 285; Twenty-sixth Regiment, 358; Twenty-seventh, 330; Thirty-second, 345; Thirty-third, 345; Service Corps, 58; Field Hospital (Sarnia), 37.

Brigadier-General Otter paid a tribute to the First Hussars, after his inspection of the camp on Carling's Heights yesterday afternoon. Although the cavalry had their first maneuvers for the season at that time, General Otter was highly pleased with the showing they made, and said they did as well as cavalry that had been in camp a week.

This morning the Hussars made their way to Major Mills' farm, beyond the old Holland College, starting at 9 o'clock and moving as if they were the vanguard of an army in time of war. At the farm they went through troop movements, dismounted service and squadron and regimental drill, returning about 12:30 o'clock.

There are 1,745 men and officers in the camp at present, and 300 horses. This is a remarkably good showing, considering that this year's camp is split in two, and the Twenty-second (Ontario) Regiment is absent. Last year the strength of the camp was about 2,500. It must be remembered that the Twenty-second (Ontario) Regiment is absent.

GRAND RAPIDS FLOOD

Hundreds of Residences Surrounded But Waters Are Receding.

Grand Rapids, Mich., June 9.—The crest of the Grand River flood has passed, and although the river remains practically stationary, a scarcely perceptible fall is reported by the weather bureau. A continuing increase in proportion of the west side is being flooded with water which is backing up from below. Hundreds of residences are surrounded which were high and dry yesterday. The prospect is that the flooded area will extend greatly today, even with the river receding.

Mrs. Henry Wallerstein, prominent in the social and club circles of New York city, has completed a four years' course in the New York Medical College and Hospital for Women, and will soon establish in this city a free clinic for women and children.

Mr. Hyman will speak at the Jubilee Rink tonight. He is in the best sense a workman. He has worked up. He is a large employer of labor. The Edmonton Bulletin is a force in his cap.

all times. The Grand Trunk Provincial Bill is a feather in his cap. It was Mr. Hyman's statesmanlike foresight that loked the bill into shape and put the workman, seeking redress for his injuries, in a position to tire out the fat purses of the rich railway corporations.
