

CITY CAN'T CHECK BELL COMPANY

Phone Poles May Be Erected
Despite the Protests of
Municipalities.

LAND FOR INCINERATOR

Mr. George Carty Gives City Thirty
Days During Which to Buy His
Property for \$14,450.

The erection of poles on the streets by the Bell Telephone Company caused a discussion at the meeting of the board of works Thursday evening, but the request of the company to place two poles was granted.

Ald. Moore suggested that the board delay granting the application until it was discovered what legislation the Government would bring down governing this matter.

"We cannot do that," said City Clerk Baker. "All the company has to do under their charter is to give the city seven days' notice of the fact that it intends erecting the poles, in order to give the city council time to order the work done under the supervision of the engineer's department. It does not give the company permission, the poles will be erected just the same."

As there was nothing else to be done the board granted the request.

Offers for \$14,450.

A communication was received from Mr. George J. Carty, saying that he would accept \$14,450 for his property at the foot of Waterloo street, upon which it is the intention to erect an incinerator.

He added that the offer held good for 30 days only, and if the property was not secured by the city at the expiration of that time the offer would be withdrawn.

Mr. J. Cook, also owning property in the vicinity, offered to accept \$800 for his lot. It is assessed now at \$250.

The committee instructed Assessment Commissioner Grant to make a valuation of the property and report back to the committee. It is possible that expropriation proceedings will be taken.

More Piles for Breakwater.

The matter of strengthening the West London embankment came up, and it was decided to place a number more piles at the groynes, and fill them in with gravel. The cost was estimated by Engineer Brazier at \$250.

Several accounts were presented from Mr. W. J. Anthistle, but on the advice of City Solicitor Meredith payment was withheld until the investigation into the walks is completed.

As there was no quorum present, merely routine business was transacted.

FAREWELL TO MISS NASH WHO GOES TO CHINA

Bishop Announces That Year
Has Been Important in
Missionary Effort.

Miss Marjorie Nash, the South London young lady, who leaves tomorrow for Honan, China, where she will commence a missionary career under Bishop White, was tendered a farewell reception by the Women's Auxiliary in Cronyn Hall on Thursday evening.

The Bishop of Huron was chairman for the occasion, and in his opening remarks he pointed out that the present year had been a notable one in missionary history for the Anglican Church in Canada, no fewer than fourteen having been sent out to labor in the foreign fields in behalf of Christianity.

The bishop stated that in sending Miss Nash to the foreign field they were only discharging a debt which the Christian world owed to the heathen races. The Christian races had undermined the past faith of the heathen, civilized brethren, and it was their duty to substitute the true religion in place of their former beliefs. God had also made them the guardians and distributors of his Word and to carry the same the world over.

Canon Tucker also spoke briefly on "China," which country he considered the fairest on earth, and the people among the foremost. In saying farewell to Miss Nash he expressed the hope that the young lady would carry on her chosen work with the peace and power of the gospel.
