

ANDERSON READY FOR BIG MEETING

Mayoralty Candidate Spends Restful Night and Shows Improvement.

John Anderson, the mayoralty candidate for greater co-operation in carrying on the city's work, was taken ill last night at his home and was not able to speak either last night or at noon today. Mr. Anderson is suffering from overstrain, but his physician, Dr. Robert Ferguson, says he will be able to speak tonight in the Masonic temple.

He passed a good night, and did not get up until noon today. He expects that this morning he will be able to do justice to his campaign this evening, which is the stiffest task he has faced so far. Both candidates have been saving their energies for the last lap, which all experienced campaigners says is the hardest and also the most effective. The auditorium of the Masonic temple affords the largest speaking place which has been used so far in this election campaign.

KHARTUM REVOLT QUICKLY QUELLED

Concluded From Page 1.

responsibility for the arrest and incarceration of those dangerous extremists now being carried out by the British, and in the face of this the British will take no further action against the fanatics. The persons already arrested by the British have been turned over to the Egyptian authorities.

BLOODSHED AVERTED.

One of the points in the British demands upon the Egyptian government following the assassination of Sir Lee Stack, the sirdar of the Egyptian army, was for the evacuation of the Sudan by all the Egyptian military forces there.

A Cairo despatch last night said that when the sirdar gave the necessary orders for the evacuation of the Egyptian officers and troops declined to obey and offered resistance, declaring they would not leave unless they received orders from the Egyptian government.

The British troops thereupon surrounded the Egyptian army and the government at Khartum, capital of Sudan, telegraphed Cairo asking that such orders be issued. The message intimated that further arrests have been made, but pointed out that they had only 20 rounds of ammunition per man, whereas the British had unlimited supplies.

After a meeting of the ministry the minister ordered their withdrawal to avoid "useless bloodshed."

FURTHER ARRESTS.

Associated Press Despatch. London, Nov. 28.—A number of additional arrests of Egyptian deputies were made today, says an agency despatch from Cairo.

The Cairo correspondent of the Morning Post has cabled that it is reported that further arrests have been made. He is unable, however, to obtain confirmation. He adds that more arrests are to be expected in the near future.

The Daily Mail's Cairo man believes Ziwat Pasha was happily relieved by yesterday's arrests, as the prisoners, according to the correspondent, were the premier's political enemies and if they had been left at liberty might have endangered his life as well as the lives of British officials.

There seems to be some anxiety in Cairo with reference to the attitude of the students in the higher schools who still refuse to resume their studies. The students of Alazhar issued a statement to the newspapers, declaring their intention to strike for ten days in protest against the British measures. They called upon the Moslems of all classes to attend the mosques of Alazhar today for a meeting after prayers to decide what to do. It is assumed here that the British authorities in Egypt will take strong measures to prevent trouble.

INSISTS ON RIGHTS.

Associated Press Despatch. Cairo, Nov. 28.—A resolution adopted at a meeting of members of the Nationalist delegation, including several who held cabinet portfolios under Zakiul Pasha, declares the nation does not ask for an arrangement regarding the waters of the Nile, but that "it insists on the rights of Egypt in the Sudan."

The resolution protests against the government's consent to the withdrawal of the Egyptian troops from the Sudan, to which step the Zakiul cabinet and parliament categorically refused to agree.

The government has no excuse for this action, says the resolution. It also protests against the action of the British military authorities who, "ignoring the constitution," entered the domiciles of deputies and arrested the occupants. "The Nationalist" delegation considers that, in permitting such action, the Egyptian ministry has "accepted an attack by the British on the constitution."

Lastly, the resolution says the Nationalist delegation regards the acts of the present government as null and void and impossible of ratification by the country, as the government "has not faced the parliament's confidence."

LEAGUE RECEIVES PROTEST.

Associated Press Despatch. Geneva, Nov. 28.—The league of nations today received a protest from the Egyptian senate, condemning Great Britain's recent action in Egypt. The document is couched in terms similar to the protest received from the Egyptian chamber of deputies, characterizing the British demands for satisfaction for the assassination of Sir Lee Stack, the sirdar, as excessive and unjust.

The league also received a letter from H. Hymans, president of the league's council, notifying the secretary-general, the Egyptian ministry had already received direct from the president of the Egyptian chamber a copy of the protest distributed by that body to all the world parliaments and to the league.

M. Hymans received the correct text of the message, whereas that delivered to the league had a line dropped out at Marcellus, where it was repeated during the telegraphic transmission from Cairo to Geneva. The corrected text shows that, by an extraordinary coincidence, the error affected one of the most important points in the message, namely, an appeal for league intervention. Of-

\$1,200 IS CLAIMED IN MISHAP SUIT

Hodge, Thomas, Geil Action Heard in Supreme Court Today.

The \$1,200 damage action being brought by Mr. and Mrs. William Hodge, of Mitchell, and Mrs. Hodge's sister, Jennie Thomas, against George Geil, of Logan township, and the county of Middlesex is in progress before Mr. Justice Kelly at the supreme court today.

The action is the result of a motor accident on Sept. 11, last, on the 12th line of Biddulph one mile south of Granton, where the plaintiffs allege their car was struck by one owned by Mr. Geil just at a culvert across the road. The Hodge car was tipped into the ditch, Mr. and Mrs. Hodge both sustaining broken arms, while the sister had three ribs broken.

Mr. Hodge is claiming \$500 damages, his wife \$300, and Jennie Thomas \$450.

Mr. Hodge, in giving evidence this morning, stated that both cars were proceeding in the same direction. The accident happened when the defendant's car endeavored to pass his machine at the culvert, his machine being struck on the front wheel by the car owned by Mr. Geil. The plaintiff claimed that the road was very narrow at this point.

F. H. Thompson, K.C., of Stratford, appeared for the plaintiff, W. G. Owens of Stratford for Mr. Geil, and J. C. Elliott, K.C., and J. G. Gillanders for the county of Middlesex.

PASSES THROUGH CITY.

Grant Hall, vice-president of the Canadian Pacific railway, will pass through London tomorrow afternoon at 1:15 on his way from Detroit to Toronto. He will be accompanied by General Superintendent H. C. Groat of the Ontario lines.

MEMORIAL SERVICE.

Associated Press Despatch. Cairo, Nov. 28.—A Masonic memorial service for the assassinated sirdar, Sir Lee Stack, was held this afternoon. All the recognized lodges, including the Egyptian, attended without distinction. Lord Allenby, the British high commissioner, has excused himself from attending the next meeting of the league council, which is to open in Rome on Dec. 8.

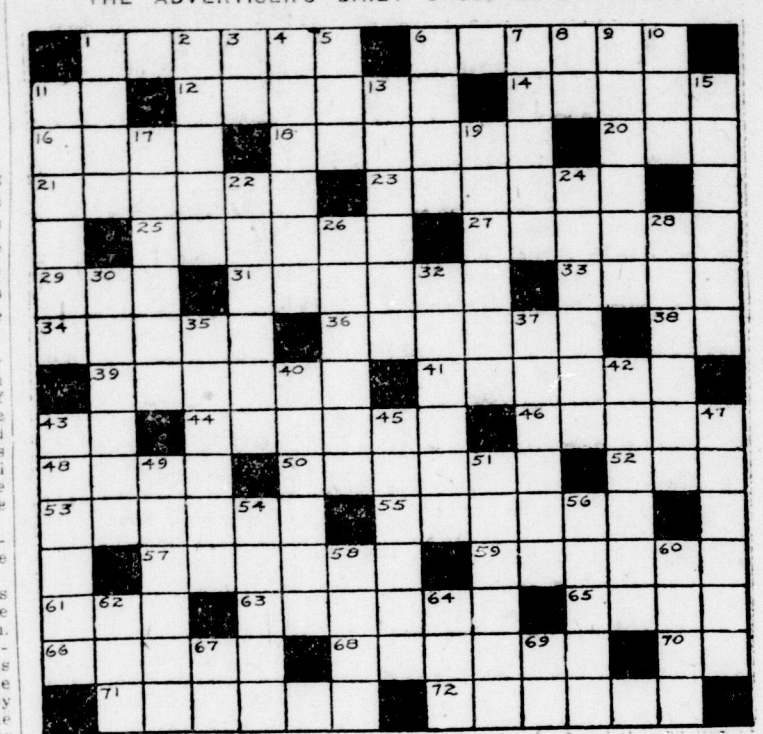

SITUATION UNDER CONTROL.

Associated Press Despatch. London, Nov. 28.—The mutiny of the Egyptian troops at Khartum cannot spread sufficiently to endanger the British position in the Sudan, nor is it likely to have any influence against the British there, it was announced by an official this afternoon. It was pointed out that the battalion at Khartum constituted the only force of Egyptian troops now left in the Sudan and that the British military there were strong enough to keep the situation in hand. The battalion in question was to have left Khartum today in the wake of the first battalion, which moved out of the Sudan yesterday.

The Sudanese troops and people, particularly in the southern part of the territory, have appeared satisfied with the conditions there, it was stated, and there has never been any indication of trouble from that quarter.

CROSS WORD PUZZLE NO. 39

For real symmetry, here is a cross-word puzzle that will appeal to those of artistic tastes. Nothing difficult here. THE ADVERTISER'S DAILY CROSS-WORD PUZZLE.

CITY ENGINEER RETURNS FROM BUSINESS TRIP

W. P. Near, city engineer, returned to his duties at the city hall this morning after a business trip to Kitchener and Toronto. At Kitchener Mr. Near attended a town planning conference, where the city of London's recommendation that building restrictions be enforced on low-living lands was favorably considered. In Toronto Mr. Near inspected snow plows and asphalt paving apparatus which the city is considering purchasing. Purchase of three snow-plows was recommended by the council at its last meeting, and Mr. Near was favorably impressed with the type used on Toronto's streets. They have seen much service and are considered to be excellent value. Mr. Near will have a report for the next council meeting on the equipment.

SOLUTION TO NO. 38.

Two Years of Taxes
 Wenige has been mayor two years. In each year both assessment and taxation have increased. Assessment has increased by \$6,285,800. Taxation has increased by \$197,559.70. The figures are in the city treasurer's books.

COWAN'S Special Aluminumware Sale

Below are mentioned a number of articles specially reduced for TODAY AND SATURDAY. Every article is guaranteed perfect. Goods displayed on second floor.

SMALL HEATER
Burns coal or wood, Quebec pattern. **\$16.00**

BASE BURNER
Burns coal, Gladonia pattern. **\$33.00**

COMBINATION HEATER AND COOK STOVE
Burns coal or wood, Quebec pattern. **\$44.00** Up
