"Yes, madam, this is the grade of Imperial Polarine specified for your car by the Imperial Polarine Chart of Recommendations, and you will always find Imperial Polarine of uniform high quality. My customers have learned that operating costs are kept at a minimum through using Imperial Polarine exclusively."

Reduced Operating Costs

IMPERIAL Polarine reduces automobile operating costs in many ways. By providing a piston-to-cylinder seal which assures maximum power. It helps to save friction waste in every moving part, keeps the engine running smoothly and out of the repair shop and minimizes depreciation.

Imperial Polarine prevents friction by coating every bearing surface with a heat and wear-resisting oil film. It seals all the wear in the piston chamber. Imperial Polarine gives correct lubrication to every part of your car.

One of the three grades described below is specially suited to your motor. Look for the Imperial Polarine Chart of Recommendations when you buy oil and learn which grade to use.

Imperial Polarine is sold in sealed gallon and four-gallon cans, 12 1/2-gallon steel kegs, steel half-barrels and barrels, by dealers everywhere. There is an appreciable saving in buying half-barrels and barrels.

DOUGLASTOWN.

Everyone will have forgotten all about our little village, it has been silent so long.

Spring is here at last and the farmers are busy getting in their crops. The many friends of Mrs. Willie Grant will regret to hear that she has gone to a hospital for treatment. She was accompanied by her nephew Mr. Lewis Rooney and her friends will hope for her speedy recovery.

The Misses Eva Holland and Annie McAuley are at present spending a vacation at their homes here.

A very pleasant evening was spent by the young people on Tuesday the 25th at the home of Mr. and Mrs. Alexander Baird. Dancing, music and singing and refreshments were enjoyed during the evening.

Mr. Lewis Rooney who has been visiting his home here for the past two weeks has returned to Quebec from where he will join his ship.

His Turn.

Two motorists, having almost ruined their temper—and their tires—in a vain attempt to find a hotel with a vacant bed, were at last forced to make the best of a small inn.

Even then they had to share a bed, which was—and on this the landlord laid great stress—a feather bed. They turned in, and one of the pair was soon fast asleep; the other was not. He could not manage to doze the lumps, and heard hour after hour strike on the church clock until three a.m., when he also struck.

He did this by violently shaking his sleeping friend.

"What's the matter?" growled the other. "It can't be time to get up."

"No, it isn't," retorted his friend, yet!

continuing to shake him. "But it's my turn to sleep on that feather!"
