

Local and Other Matter.

An inmate of the Alms House, named Charles Woodworth, died at that institution yesterday afternoon. The deceased was about sixty years old.

ATTACKED BY A HELLER.—Mrs. Matilda Brown, of Hampton, was savagely attacked on Wednesday last by a series of madly howling escaped being given to death.

The Laventown Press Board, after several meetings, was treated to a supper in addition to a handsome donation to their funds. Contributions have also lately been received from Drs. Primmer and Morse, and John W. James, Esq.

The loss on the river still continues in excellent condition for the practice of horses, and those desirous of enjoying a delightful sleigh ride. Now that "Bridgetown Charlie" is out of the way altogether, would it not be advisable to take a party to the river on the "tar water" races. Went some of the "tar water" make a move in this respect.

Parliament.

F. W. Andrews, esq., M. P., was in town for an hour or two on Thursday last, at the invitation of the Board of Health.

Mr. Nathan Quigley, the blacksmith at Carleton's Corner, is suffering an attack of pneumonia.

On the 10th of the severe storm on Saturday last, Miss Annie James, while crossing the yard attached to her residence, was precipitated to the ground, and received some very severe lacerations.

Mr. Geo. E. Board, of the firm of Board & Co., India Wharf, Halifax, paid a flying visit to his friends on Saturday last, coming on the one o'clock train, and departing on the Eastern express.

Mr. A. J. Drysdale arrived home on Saturday last via the N. S. Central Railway from Bridgewater. Sickness in the family was the chief cause of the visit. We are pleased to note, however, that the indisposed members of his household are much improved.

Mr. Caleb Jordan, of Murray Harbour, P. E. I., was the guest of Mr. P. L. Chesley, of Grandville, several days last week. He speaks in high praise of this valley and says it is possible that he may become a resident in the near future.

Miss Agnes Brown, a native of Paradise, whose home is now at Hantsport, was the guest for a day or two in the early part of the week of Mr. and Mrs. W. Y. Foster.

John H. Fisher, our merchant tailor, left on Monday for Bridgewater, where, we understand, it is his intention to move.

Miss Lyle McCormick left for Ottawa last week to visit her cousin, Mrs. Campbell, wife of the topographical secretary of the Governor-General.

Mrs. Miles McMillan, and Mrs. Walter McCormick, of Annapolis, are spending a few days with their relatives here.

Mr. Andrew Dent, of Paradise, who we regret to learn, has been seriously ill, is improving, though still unable to leave the house.

R. A. Carder, the good-natured and obliging agent of the International Steamship Line made a short call on Monday. Mr. Carder looks hale and hearty, and is interested in the skating rink at Annapolis at present, at which place a Carnival is to be given on Saturday next. He states that the Company will place one of their fine boats on the direct route in April.

Report of the Board of Health.

To the Municipal Council for the County of Annapolis.

The Board of Health for polling districts No. 4 and 11, of the County of Annapolis, beg leave to submit the following report in duplicate to your honorable body, in accordance with Sec. 14, chap. 91, vic. of the acts of 1888, entitled, "An act in relation to the public health." The sanitary work actually performed during the year just expired, and which is the first of our appointment, consisted of the removal from the village of Bridgetown of the slaughter-houses; the laying down of a number of house drains, particularly at Middle and Water Streets of said village, where a public sewer was constructed two years ago; the covering over with timber and sand the outlet of the water and sewerage system near the bridge; the cleaning of an unusual number of outhouses and pits of manure and filth; and about the village, and the extension and improvement of drains generally.

An epidemic of pneumonia carried off a number of our citizens a year ago, and there had been as far as our Board has been advised, seven cases of diphtheria, two only, of which proved fatal. Five of these cases were in No. 11 district.

With much pleasure we submit that the general health of this district over which our Board holds jurisdiction, is good, at present, there being only one case of diphtheria and one of pneumonia, both of which are progressing favorably.

We further submit that the almost perfect system of watering the town adopted and completed some three years ago, has had a most beneficial effect upon the general health and well-being of the town, and we recommend that as soon as possible the system of sewerage, which is an indispensable adjunct to every water system for towns, should be laid down and completed.

We beg to state that the new health act is a boon to the community at large, and it is due to our citizens to state that we have notice being given a most cheerful obedience to its requirements was made by all.

All of which we most respectfully submit. ALBERT MORSE, San. Inspector. Dated at Bridgetown, this 11th day of January, 1890.

A farmer named McLean, at North River, P. E. I., cut his throat on Thursday, and died from the effects.

The distress in portions of the Dakota seems to be very great. The election draws near, and the committee will have to be supported by charity till early summer.

Statistics collected by Mr. Griffin, of the British board, show that while the wealth of the United States is being rapidly centralized in the pockets of a few millionaires, the masses of the Kingdom are passing into the hands of the masses. During the past twenty years the gross wealth of the United Kingdom has increased from £2,000,000,000 to over £10,000,000,000, and taking into account the increase of seven millions in population, the average wealth per head has increased from £200 to £280.

We have recently and positive care for Catarrh, Diphtheria, Canker Mouth, and Head-Ache, in SHILOH'S CATARRH REMEDY. A Nasal Injector free with each bottle. Use it if you desire health and sweet breath. Price 50 cents. Sold by Drs. Chubb & Primmer, Bridgetown, and Dr. Morse, Lawrencetown.

Women's Rights.

MR. EDITOR.—It seems too bad that Annapolis, the most enlightened county of the most enlightened province of the Dominion, cannot provide a man good enough or smart enough to represent her in the Local Government. A woman might have been found! Now, if there is a man in the county who believes that such a position is not a proper one for a woman to occupy, let him give a reason for his belief. Or, if the noble lords think it none of their husbands' business, who or what the representative is, why do they not say so? They might as well say that the faith they received of their father's has grown so weak, that they dare not attempt to walk on the waters of public opinion! Perhaps their faith will be strengthened by a few "statutes,"—as they are used to the word,—and a "universal" question. Let it be known that Woman Suffrage is a 19th century reform, and like all reforms it is slowly but surely gaining the field. A woman to vote does not need to be a "Bluestocking," as she has been called through election days in vain. She knows that every what above twenty-one years of age, who can stagger to the polls, has but to make his mark on a bit of paper, or have some one do it for him on his right of hand, and he is a voter. Neither need he be a warrior. Her place is in the Quaker, excused on moral grounds. 4th. Nor yet a "boodler." She is fed, as the good five to save the country. 6th. There is no necessity for her becoming any more excited on election day than her husband. 6th. Men of intelligence who have given the subject thought are not ashamed to cast their vote on the side of the weaker vessel. One [S. T. Colbridge] says: "There is no reason why women should not choose their representatives to legislate, and if it be said they are merged in their husbands, let it be allowed where she has a separate property; but where she has a distinct estate in which her husband has no interest, what right can her husband have to choose for her the person whose vote may effect her separate interest." Another: "An unmarried woman, possessing one thousand pounds a year, has as much a moral right to vote as any ten-pounder in the kingdom." 7th. Where this system has been tried and proved, we read such pronounced announcements as these: "The new political element added in the most admirable manner." "The general increase of respect, not unfrequently crime punished, nor property and life protected, as since woman has taken her place in the jury box and at the polls." "The general influence of Woman Suffrage has been to elevate the tone of society." "The result of the election of better men to office." 8th. England, Scotland, Sweden, Austria, Russia, and some of the United States can testify to such results as the above, and Canada is getting into the way. Last month Ontario nominated Mrs. Mary Howells as a political candidate, and Annapolis may yet be permitted to redeem the time, for "This fine old world of ours is, as yet, but a child in its go-cart; give it time to learn its lesson."

U-MANITY.

DEAR EDITOR.—I again request the great privilege of the use of your columns; this time to answer the criticisms of correspondent of Victoria.—"F. A." to my letter upon "Local Reformers," and at the same time to define more fully my position on the matters referred to in that letter. It would seem that "F. A." has been bottling wrath for some time, engendered over the perusal of sundry letters which have from time to time appeared in your columns in reference to local legislation, and the temperance question. He has pitched upon one particular gentleman as the author of so much that is disturbing to him, and on his head he breaks the bottle of his ire. Now, Mr. Editor, I think that you can bear testimony in "Reform" behalf, that I have not sent you a communication for publication for months, other than that of January 15th. It ought to be considerably flattering to the author when "F. A." has put the responsibility of the authorship of his discomfiture, that so many appear to have become tintured with similar ideas to his own. It is certainly encouraging to see an awakening to some extent of the evil, it is a heartening coming efforts in behalf of reform. At no time, for years, have I seen and heard so much from the platform and the press, that has looked so hopeful for a deeper interest being taken in the cause which I, years ago exposed, and have ceaselessly labored for ever since. Of the condition of agriculture of America, the Halifax Herald, for instance, now designates as a deplorable condition, one which I, years ago exposed, and have ceaselessly labored for ever since. The condition of agriculture of America, the Halifax Herald, for instance, now designates as a deplorable condition, one which I, years ago exposed, and have ceaselessly labored for ever since.

Reformation.

"For years I suffered from dyspepsia in its worst form, and after trying all means in my power to no purpose, finally I resorted to Dr. Burdock Blood Purifier, which did, and after using five bottles, was completely cured. Wm. N. Keith, Leith, Ont.

Hymenial.

There was a wedding at 24 Burchell Place, Wednesday evening, when Edgar Clarence Holden and Miss Fannie Henry Hinchey, of the East Baptist Church, were united in marriage by Rev. V. Oakes being officiating. The bride looked charming in her costume of light silk with ornaments of natural pearls. After the marriage congratulations were general, and then the wedding lunch was served in which all participated. The presents were numerous and costly, and included a silver cake basket, silver butter dish, silver pickle jar, silver sugar spoon, silver card receiver, ice cream set, cake stand and berry dish, silver pie and china fruit dishes, and the bride and groom were presented with a copy of the "Lynn Daily News."

To Our Subscribers.

THE SPECIAL ARRANGEMENT which appeared in our columns some time since, in connection with a special arrangement with Dr. B. J. KENDALL, Co. of Newburgh, N. Y., publishers of the "Lynn Daily News," whereby our subscribers were enabled to obtain a copy of the valuable work by sending their address to B. J. Kendall & Co., has been extended to a limited period. We treat all will avail themselves of the opportunity of obtaining this valuable work. To every lover of the horse it is indispensable, as it treats in a simple manner all the diseases which afflict the noble animal. Its phenomenal sale throughout the United States and Canada, makes it standard authority. Mention this paper when sending for "Treatise."

Fruit Growers in Session.

(Special despatch to the Chronicle.) WOLFEVILLE, Feb. 8.—The twenty-sixth meeting of the Nova Scotia Fruit Growers' Association began to-day, there being a fair number of the members present, and a large attendance of the public. The executive board held a private meeting at 11 a. m., and the regular meeting of the association commenced at two o'clock this afternoon, Dr. Clupman, of Grand Pre, the president of the society, in the chair.

The annual reports of the secretary, Mr. C. R. H. Starr, and of the chairman of the executive board, were highly satisfactory. The president then delivered the annual address, and the meeting proceeded to the election of delegates to the Dominion convention of fruit growers, which will be held at Halifax, N. S., on the 15th inst.

The president then delivered the annual address, and the meeting proceeded to the election of delegates to the Dominion convention of fruit growers, which will be held at Halifax, N. S., on the 15th inst.
