## REPORT OF MISSIONS BANDS.

In presenting our Mission Band report we wish to place on record our sincere thanks to God for permitting our Bands to carry on their noble work for the Master during another year. In the early part of the year your Superintendent sought to come in contact with every church of the Convention and tried to ascertain the advisability of starting Bands where such was not already done. Some of the many letters written for this purpose received the courtesy of a reply; others did not. We are pleased, however, to report that at least four new Bands have been organized-at Barnston, Moe's River, Sawyerville and Ogdensburg, and the one at Point St. Charles again brought into working order. Some of these have no financial report owing to the fact that they have been so recently organized, but will, we expect, add their quota to our funds next year The report of the various bands is as follows: Member-

There has been a substantial falling off in contributions from four of our Bands, while four which reported last year have failed to do so this, on the other hand we have at least the names of five Bands that did not report last
