We observe that friend W. J. Brown has got nicely into harness and is now hard at work in the eastern counties organizing local Beekeepers' Associations. We have a report of Prescott County Beekeepers' Association, which was organized on the 6th of March. From present appearances Mr. Brown is the right man in the right place, and before long a couple more associations may be expected in his district. Elsewhere we give a report of their first meeting.

#### BEST SYSTEM FOR WINTERING BEES.

"Regarding the papers on 'The Best System of Wintering Bees,' which you asked me to look over, I find, in my opinion, that the paper contributed by D. Anguish of Southwold is the best, and that by Miss H. F. Buller of Campbellford the second best. Truly yours,

"S. CORNELL.

"Lindsay, March 6, 1893."

We have awarded the prizes accordingly.

## : TO : Ontario Beekeepers.

INTENDING exhibitors of Honey at the Chicago Exposition, will kindly place their Extracted Honey in tin jars, as the Commission intend shipping the Honey in these cans to Chicago. The Dominion Government will furnish glass jars in which the Extracted Honey will be shown. This will secure safe transport, and Exhibits will reach Chicago in much better shape.
