

V. P. JOURNAL.

VOL. II.]

JULY, 1884.

[No. 1.

NOTES.

IN closing up the first year's work, and in making further and more complete arrangements for the second, we have been delayed longer than we anticipated. We can now promise, however, to have our JOURNAL promptly in the hands of the subscribers early in each month. Some may wonder why a *June* issue has not arrived. In changing our time of publication from the *end* to the *beginning* of each month we have been compelled to drop a month; but only in name, as this number will be only one month behind the other in *time*. We commence this second volume with a steadily increasing circulation, and confidently resume the pleasant task of the year's publication.

TORONTO UNIVERSITY.—At the recent Convocation at Toronto degrees were conferred upon seventy-six persons. LL.D. was given to two, LL.B. to three, M.A. to eight, B.A. to sixty-three. Twelve young ladies were advanced in their respective years' work, one carrying off high honors in the form of two scholarships. Recent changes and appointments give promise of still better work during the next year.

TRINITY.—On July 3rd, at Trinity Convocation, Toronto, the degree of B.A. was conferred upon five persons, M.A. on two, Lic. Th. on three, B.C.L. on two, M.D. on three—fifteen in all. The Chancellor would not *commit* himself on the question of University Confederation.
