

# If You Have Two or More Cows

It will pay you to use the Standard cream separator instead of skimming cream by the old method. By using the

## Standard

you will get \$15 more profit from each cow per year—and this is a low figure. Most dairymen do much better than this with the Standard. You can thus readily see that it takes but a short time for the Standard cream separator to pay for itself. And by taking advantage of our EASY PAYMENT PLAN you can pay for your Standard out of the extra profits it earns for you. You've heard a lot about the Standard. It's the separator that has made new world's records for close skimming at experimental farms, cheese and butter factories, and on the farm. Write for folder, entitled "Skimming Results." It gives the proofs. Also ask for our catalog.

HEAD OFFICE & WORKS, . Sales Branches at Sussex, N.B., Saskatoon, Sask., RENFREW, ONTARIO. Calgary, Alta. Agencies Almost everywhere in Canada.

## The Royal Military College of Canada

HERE are few national institutions of more value and interest to the country than the Royal Military College of Canada. Notwithstanding this, its object and the work it is accomplishing are not sufficiently understood by the general public.

The College is a Government Institution, designed primarily for the purpose of giving instruction in all branches of military science to cadets and officers of the Canadian Militia. In fact, it corresponds to Woolwich and Sandhurst.

The Commandant and military instructors are all officers on the active list of the Imperial army, lent for the purpose, and there is in addition a complete staff of professors for the civil subjects which form such an important part of the college course. Medical attendance is also provided.

Whilst the College is organized on a strictly military basis the cadets receive a practical and scientific training in subjects essential to a sound, modern education.

The course includes a thorough grounding in Mathematics, Civil Engineering, Surveying, Physics, Chemistry, French and English.

The strict discipline maintained at the College is one of the most valuable features

of the course, and, in addition, the constant practice of gymnastics, drills and outdoor exercises of all kinds, ensures health and excellent physical condition.

Commissions in all branches of the Imperial service and Canadian Permanent Force are offered annually.

The diploma of graduation is considered by the authorities conducting the examination for Dominion Land Surveyor to be equivalent to a university degree, and by the Regulations of the Law Society of Ontario, it obtains the same exemptions as a B.A. degree.

The length of the course is three years, in three terms of 9½ months each.

The total cost of the course, including board, uniform, instructional material, and all extras, is about \$800.

The annual competitive examination for admission to the College, takes place in May of each year, at the headquarters of the several military districts.

For full particulars regarding this examination and for any other information, application should be made to the Secretary of the Militia Council, Ottawa, Ont.; or to the Commandant, Royal Military College, Kingston, Ont.
