

clergyman—Rev. Mr. Walker—having lately been appointed rector of St. George's, Carleton, N.B., and furnished with the usual mandamus of the Lieut. Governor for his induction, was locked out by the refractory wardens, backed by some would-be-patrons among the parishioners. In the present case it seems inconvenient to render to Cæsar the things that are Cæsar's.

CANADA.—We are sorry, for want of room, to be unable to present our readers with a very interesting account from the *Toronto Globe*, of the late consecration of Dr. Bethune, as Bishop of Niagara. It will ever be a memorable event in the history of the Colonial Church—taking place as it did without the Royal mandate, and being unfettered by the Letters Patent—(so embarrassing in Dr. Colenso's case,) and freeing the Colonial Church from the trammels of the State, whilst it does not in the slightest degree interrupt her connection, or identity in doctrine with the Church of England.

NOVA SCOTIA.—The anniversary meeting of the Sydney, C.B., branch of the D.C.S., was held in St. George's Church in that town, on Wednesday, Feb. 20th, the Rev. Dr. Uniacke, R.D., in the chair. The speakers were the Rev. Chairman, Revs. Messrs. Meek, W. H. Jamison and A. Brown, and J. Bourinot and Henry Davenport, Esqrs. The *Cape Breton News* speaks very highly of the addresses and adds that "during the evening several of the speakers referred with force and truthfulness to the confidence in, and respect for the Bishop of the Diocese, which prevailed throughout the diocese generally, and in this parish in particular; and designated his late Pastoral as a valuable document in vindication of truth."

D. C. S.—*Lunenburg Branch*.—The Annual Meeting of this Committee, was held in the Sunday School House, on Thursday evening, February 14th, when interesting addresses were delivered by the Revs. Messrs. Snyder, Bullock, and Hodgson; and by C. E. Kaulback, Daniel Owen, and H. S. Jost, Esqs.

The Rector expressed the hope that nothing in future would be allowed to interrupt the holding of the regular meetings. One of the speakers remarked that the income of the society had trebled during the last eight years; and that ninety clergymen were now supported in the Diocese, with less external aid than was received fifteen years ago, when we had but sixty clergymen.

Another speaker expressed the hope that the name of every baptized member of our communion, old and young, will ere long be enrolled in the Reports of this Society.

After the appointment of officers and collectors, and some excellent music by the Choir, the Meeting separated, highly gratified with the profitable evening they had passed.—K.

THE REV. W. Stewart, of Southport, P. E. Island, has requested his name to be added to the address lately presented to the Bishop. Owing to a mistake in the direction the circular did not reach him so soon as it should have done.

The Atlantic cable is now continually employed in transmitting news to our shores, so that a newspaper—properly so called—must reach us not less than tri-weekly to be of any interest at all. By the way, these cable messages are by some papers called by the very awkward name of "cable-grams." This is ill-sounding and has the additional demerit of being derived from two languages. Let us suggest the name of CALOGRAM, from the Greek "*Kalós*," a cable, and "*Gramma*," a word.
