#### GENERAL SLUMP IN MINING VALUES-STOCKS FAR BELOW THEIR INDIVI-DUAL MERITS

#### Montreal, Dec. 18.

The general slump in stock values was not restricted to the large financial centres such as New York and London, but the attack was made in like manner and even in some cases to a greater extent values on our different exon mining changes.

It seems the fashion nowadays to raid mining stocks on every pretext, and the influences at work to-day were not lacking

fluences at work to-day were not lacking in their favorite pursuit.

There were few excertions to the rule to-day. Deer Trail, no doubt, can be exempted to a certain degree on account of its late sufferings, but even in this instance it suffered considerably, the reaction amounted to ½ a point, this occurring after the favorable news received late Saturday cannot be construed but out of senurday, cannot be construed but out of sentiment to the general tenor of the room.

Other transactions were restricted to sales in Payne and Republic. Both of these suffered in proportion and are out of all proportion to their respective merits.
Payne sold as low as 98, and was

fered on the last call at 99, with buyers scarce at 9214.
War Eagle suffered in like manner. al-

though no sales were transacted, it was offered at 255½, 240 being bid Republic sold as low as 95, after having

sold at 97, and a broken lot of 100 shares at 98, it was offered at 951/2 with buyers

bidding 95.
Virtue likewise suffered being offered down to 54½, with buyers nervous and not inclined to give more than 52½.
The remaining stocks nearly all show de-

clines, but it should always be remembered that when they look to be at weakest they are invariably a buy. their
