Wife's got a

Souvenir Range

MEN spend the larger part of a lifetime in store or office. The average woman

must needs give a generous share of her time to the kitchen. The chief article of furniture—and usefulness—in the kitchen is the stove. Compel the good wife to worry along with a fifth-rate range, day in and day out, and you are fast cutting short her lifetime.

When a **Souvenir Range** adorns the kitchen it is a thing of beauty and general utility. These stoves are beautifully finished and an ornament to any kitchen. Best of all—the only stove with the celebrated aluminum lined

Aerated Oven

Souvenirs perform every detail of kitchen work with a completeness that makes life in the kitchen a source of joy and happiness.

The bread in the oven, the roast of beef, the delicious turkey, the toothsome pudding are never spoiled in the cooking if the good wife has a Souvenir range to assist her.

SOUVENIRS ARE SOLD THROUGHOUT CANADA.
ONE WILL LAST A LIFETIME.
WE GUARANTEE ABSOLUTE SATISFACTION TO ALL OUR PATRONS.
