

VOLUME XX, 1892.—ANNUAL INDEX.

INDEX OF INVENTIONS.

Account book. Robert R. Barton	39,442	Ammonia engine and apparatus connected therewith. Joseph H. Campbell	38,408
Accumulator for electric light. Karl Kahabka	40,586	Ammunition belt. Frank M. Garland, et al.	40,275
Acid: see Tartaric acid.		Ampere volt potential controller. Henry A. Voelkner	40,033
Acid. Process of manufacturing phosphoric. Charles Glaser	38,335	Animal trap. Elliott Lewis	38,985
Action for piano fortes. James H. Phelps	40,637	Animal trap. George Andrews	39,036
Adding machine. Arthur E. Shattuck, et al.	39,276	Animal trap. John T. T. Kissinger, et al.	40,976
Adding machine. Joseph E. Blackshaw, et al.	38,089	Annunciator. Archibald H. Brintnell	39,081
Adhesive material for use on driving belts. Carl G. Thoenes, et al.	40,439	Anti-friction alloy. Charles B. Miller	38,657
Adjuster: see Switch tongue adjuster.		Anti-friction bearing. Seely W. Ashmead, et al.	39,702
Advertisements, &c. Apparatus for displaying. John S. Yule	39,738	Anti-friction bearings for journals and axles. Henry B. Williams, et al.	38,241
Advertisements. Method and apparatus for displaying. Henry Heath	38,308	Anti-friction bearings for vehicles. William J. Brewer	38,744
Advertising device: see Toy bank.		Anti-rattler: see Shaft support and anti-friction rattler.	
Advertising device. George Mann	41,109	Anti-rattler for thill couplings. Elihu Wilder	40,408
Advertising medium. Edward Harner	40,545	Anti-rattler for thill couplings. Harman Bunker, et al.	39,367
Advertising. Method of. Horace I. Martin	39,564	Anti-septic composition. Emma Farren	40,513
Aerator: see Cooler and aerator.		Anvil vice. George W. Harris	39,114
Aerator for milk. Joseph C. Thibault	39,086	Apple parer. Elmore H. Elliott	39,140
Aerator for milk. Lewis Jefferson Macy	38,090	Apple picker. Richard W. Anderson, et al.	41,257
Aerial navigating machine. Frederick W. Zimmer	39,665	Apple syrup. Conrad Lanz	39,029
Aerial tramway. Alfred H. DeCamp	38,306	Arc lamp. Addison G. Waterhouse	40,982
Affixer: see Stamp affixer.		Arc lamp. Elihu Thompson	39,935
Aging liquors. Process of and apparatus for. Julian A. H. Hasbrouck	38,058	Arc lamp. James J. Wood	41,301
Agitator for mixed paint. Charles J. McLellan	41,248	Arc lamp. LaMotte C. Atwood	39,860
Air and gas compression pump. Edward G. Shortt	39,372	Arc lamp. Luther H. Buchanan	41,241
Air and water. Machinery for compressing and accumulating. George Goodlet	41,159	Arc lamp. Ralph H. Beach	40,625
Air brake. Christopher R. James	41,051	Arc lamp. Samuel P. Parmly	40,026
Air brake. Frank Lansberg	40,652	Arc lamp. Thomas P. C. Crampton, et al.	40,136
Air brake. Herbert McNulta	40,146	Arc lamp. William D. Graves, et al.	40,289
Air brake. Samuel E. St. O. Chapleau	39,014	Arc lamp. William E. Irish	40,524
Air brake. William E. Maher	40,303	Arc lamp. William Hockhausen	39,940
Air cock. Ovide Parent	41,395	Armature: see Ring armature.	
Air compressor. Addison C. Rand, et al.	41,094	Armature for dynamo electric machines. Sidney H. Short	41,218
Air compressor. Arthur O'Brien	41,102	Armature for dynamo electric machines and motors. Frank Bankson Rae, et al.	38,170
Air compressor. William R. Phillips	39,106	Armature for dynamos or electric motors. Barron D. Southard	41,435
Air pump. Allen A. Dittmar, et al.	40,400	Armature for electric motors. James F. McLaughlin	41,258
Air supplying device for gas machines. Edgar B. Badlam	41,254	Arm rest for telephones. Joseph R. Bailey, et al.	40,991
Air valve. Hippolyte J. Laforce	41,285	Arms: see Breech loading small arms.	
Air valve for drain pipes. Ezra S. McClellan	39,957	Arrestor: see Section insulator and lightning arrestor. Smoke arrestor. Spark arrestor.	
Alarm: see Burglar alarm. Electric alarm. Electric boiler alarm. Electric heat alarm. Electric liquid alarm. Electric show case alarm. High and low water alarm. Fire alarm. Low water alarm. Water feed regulator and low water alarm.		Arrestor for lightning. Elihu Thompson	39,815
Alarm. John Vaughan, et al.	38,854	Arrestor for sparks. John Thornton	40,131
Alarm knob. Edward C. Garlick	38,739	Artificial fuel. George Y. Smith	39,799
Alloy: see Aluminium alloy, anti-friction alloy.		Artificial fuel. John A. Scott	40,536
Alloy. William J. Miles	38,514	Artificial fuel. Max Nirdlinger	39,812
Alloys. Method of making. Frederick W. Martino	39,950	Artificial sponge. Walter M. Taylor	41,133
Alphabet of sounds. Thomas Anderson	40,674	Artificial stone. Cranston A. Stark	38,617
Altar: Household altar.		Artificial stone. Edward Gallagher	39,302
Alternate current electric train system. Charles J. Van Depeole	38,558	Artificial stone. George M. Graham	40,518
Alternate current induction motor. Charles J. Van Depeole	38,556	Artificial stone. Joseph E. Keseling, et al.	41,255
Alternate electric current. Michael Von Dolivo Dobrowsky	38,879	Artificial stone. Compound for making. Joseph E. Keseling, et al.	40,576
Alternating electric current motor. William B. Brain, et al.	38,458	Asphaltum. Jesse Adams Dubbs	38,929
Aluminium alloy. John W. Langley	39,402	Asphaltum. Method of making. Jesse A. Dubbs	41,101
		Atomizer. Herley M. Dunlap	40,641
		Auger: see Earth auger.	
		Autographic register. John B. Thies, et al.	38,199
		Autographic register. John Kirby, et al.	39,128
		Autographic telegraph. Harry Etheridge	39,753
		Automatic fastener. Jacob Sterns	41,063
		Automaton: see Coin operated automaton.	
		Axe. Benjamin Beck	38,868
		Axe. Michael Ledue, et al.	38,632
		Axle: see Vehicle axle.	
		Axle. Adolphe Hoefler, et al.	39,009
