

Owing to a happy arrangement of hours, many of our students are taking advantage of the privilege afforded by classes in Dalhousie. A large number also attend Prof. Seth's psychology class in Halifax Academy. Some, too, are growing quite learned in the mysteries of German under the tuition of Herr Lothar Bober.

On the Tuesday evening previous to his sailing for Trinidad, the students had the pleasure of meeting with and hearing a most interesting address from Rev. Wm. L. McRae. We cannot attempt even an outline of his remarks. Professors Currie and Pollok were happily present, and their warm words of Christian counsel and encouragement will not soon be forgotten. The meeting throughout was perhaps the most interesting in our experience at the College.

A VERY interesting debate on the advisability of the Presbyterian Church adopting the itinerant system, adjourned at last meeting, will be resumed after midsessionals are over.
