

AN ILLINOIS MIRACLE.

A CASE OF DEEP INTEREST TO ALL WOMEN.

Saved Through a Casual Glance at a Newspaper—Weak, Pale and in a Deplorable Condition When Relief Came—Another Remarkable Triumph for a Great Canadian Remedy.

Dubuque Times.

Among the peculiar conditions with which the people of the present age are endowed, is a remarkable capacity for doubting. A full belief only comes after a careful investigation, and after positive proofs have been presented. Current report said there had been a remarkable cure in the case of a lady of Savanna, Ill., but as current report is not always accurate, and as the story told was one possessing deep interest for the public, The Times determined upon a thorough investigation into the matter. The result of this investigation proved that not only was the story true, but that the case was even more remarkable than the public had been given to understand.

Mr. A. R. Kenyon is the fortunate owner of a comfortable house, well kept and with pleasant surroundings, situated on Chicago Avenue, Savanna, Ill., and it was there the reporter sought him to learn of the sickness of his wife, and the cure of which so much is being said. In answer to the bell a lady appeared at the door, and to an enquiry for Mr. Kenyon said, he was employed by the railroad company, worked at nights and was asleep. "Is Mrs. Kenyon well enough to see me?" the reporter then asked. With a very suggestive smile she said: "There is no doubt of it," and in inviting the reporter in, informed him that she was the lady in question. When told the reporter's mission she said: "The statement of facts as you have made it is quite true. I did not think my case was of special interest to any one outside of my own family and friends, but if what information I can give you will be of use to anyone else you are welcome to it. I owe my present good health to a casual glance at a newspaper, and as with me some other women may be fortunate." Mrs. Kenyon is an intelligent lady-like woman, and her home bears evidence of her great capabilities as a house-wife. She told her story as follows:—

"I was born in Warren county, New York, thirty-three years ago. I was married when I was 19 and came to Savanna seven years ago. With the exception of being at times subject to violent sick headache, I considered myself a healthy woman up to five years ago. At that time I was very much run down and an easy prey to the ever present malaria in and about the Mississippi bottom lands. I was taken violently ill and during the succeeding five or six months was the greater part of the time helpless. The local physicians said I had been affected by malaria and intermittent fevers. I continually grew weaker and finally went to see Dr. McAvoy of Clinton, Ia., who is reputed to be one of the ablest physicians in the Mississippi Valley. He treated me for a time without beneficial effects, and finally told me he thought he could help me if I would absolutely abstain from work. That was not to be thought of. If able to go

about I had to look after my household duties. It then consulted Dr. Johnston of Savanna. My stomach would not retain the medicine he gave me and became to the conclusion that my stomach was badly diseased. Occasionally I would choke down and nearly suffocate. I then went to Dr. Maloney and he pronounced it a case of heart trouble. He helped me temporarily, but like the rest said I must stop all work or nothing could be done for me. All this time I had grown paler and weaker until I was in a deplorable condition. I had a continual feeling of tiredness, my muscular power was nearly gone, and I could not go up half a dozen steps without resting, and often that much exercise would cause me to have a terrible pain in my side. Seemingly the blood had left my veins. I was pale as death; my lips were blue and cold and I had given up all hope of ever being better. About the first of April last a young man boarding with us received a Fulton, Ill., paper. It was his home paper sent him by his mother. I picked it up one day and in glancing casually over its columns came across an account of a marvellous cure through the use of Dr. Williams' Pink Pills for Pale People. Candidly, I did not believe the story, and when my husband suggested that it would do no harm for me to try the pills I laughed at the idea. He insisted and I submitted, but I had no faith whatever in the pills. My husband sent for two boxes and I took them. When I had used these I was somewhat improved in health. I continued their use and I felt that I was growing stronger, my sleep refreshed me and it seems as if I could feel new blood coursing through my veins. I kept on taking Pink Pills until a short time ago, and I now consider myself a healthy, rugged woman. My house is full of boarders and I superintend all the work. In other words I work all the time, and am happy all the time. I am positive that Dr. Williams' Pink Pills for Pale People saved my life, and I believe there are thousands of women who would find great relief if they used them. The sick headaches I was subject to have disappeared, and have not had a single attack since I commenced taking Dr. Williams' Pink Pills.

"Were there any disagreeable effects from the medicine?" asked the reporter.

"None whatever," replied Mrs. Kenyon. "They are pleasant to take and the conditions imposed by the directions are easily complied with. In common parlance I took Pink Pills and they did the rest." Mrs. Kenyon stated that all her neighbours knew of her former condition and her restoration, and one of them was called in, and when asked of her knowledge of the case said: "I have been intimately acquainted with Mrs. Kenyon and know of her illness. I look upon her recovery as something marvellous. It is surely the unexpected that happened in her case. Of my own knowledge I cannot say what the nature of her ailment was, but I know that she was reduced to a mere shadow; was the palest and most ghost-like person I had ever seen. Here was a remarkable case. She would be helpless one day and the next would be supervising the work of her house, but all the time there was a noticeable loss of strength and the natural vivaciousness of her nature had disappeared. It was generally thought she must die, as

none of the physicians who attended her seemed to understand her case or help her in the least. I was told of the sending for Dr. Williams' Pink Pills and of course thought it the whim of a dying woman, or perhaps a sign that her husband still insisted in hoping against hope. But you can see the result for yourself, and if miracles are not performed in these days I would be pleased to know how to describe a case of this kind."

It is a remarkable case. There is no reason to doubt the sickness of Mrs. Kenyon and in just the form she describes it. Hundreds of people in that immediate neighborhood are fully conversant with the facts of both sickness and cure, and discuss it with sympathizing earnestness. But few persons have gone so close to the dividing line between life and eternity and returned; and from the facts stated there was but a single conclusion to be drawn—Dr. Williams' Pink Pills for Pale People did it.

Dr. Williams' Pink Pills are a perfect blood builder and nerve restorer, curing such diseases as rheumatism, neuralgia, partial paralysis, locomotor ataxia, St. Vitus' dance, nervous headache, nervous prostration and the tired feeling therefrom, the after effects of a grippe, influenza and severe colds, diseases depending on humors in the blood such as scrofula, chronic erysipelas, etc. Pink Pills give a healthy glow to pale and

sallow complexions, and are a specific for the troubles peculiar to the female system, and in the case of men they effect a radical cure in all cases arising from mental worry, overwork or excesses of any nature.

These Pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., and Schenectady, N. Y., and are sold only in boxes bearing the firm's trade mark and wrapper, at 50 cents a box, or six boxes for \$2.50. Bear in mind that Dr. Williams' Pink Pills are never sold in bulk, or by the dozen or hundred, and any dealer who offers substitutes in this form is trying to defraud you, and should be avoided.

The public are also cautioned against all other so-called blood builders and nerve tonics, no matter what name may be given them. They are all imitations whose makers hope to reap a pecuniary advantage from the wonderful reputation achieved by Dr. Williams' Pink Pills. Ask your dealer for Dr. Williams' Pink Pills for Pale People, and refuse all imitations and substitutes.

Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Company from either address. The price at which these pills are sold make a course of treatment comparatively inexpensive, as compared with other remedies or medical treatment.
