WINDING.

## Lang's Lay Ropes.

## Patent Flattened Strand Ropes

### Advantages of Patent Flattened Strand Ropes.

- 1 Greater wearing surface, therefore longer life of rope and less wear upon pulleys.
  - 2 Greater strength, thereby admitting of smaller ropes being used for existing loads, or of increased loads without increase in size of rope
  - 3 Spliced easily and more effectively.
  - 4 Less tendency to twist and stretch in working.
- Fig. 13 for Sinking and Fig. 11 for Cranes, &c. are non-twisting.

Fig 11. CRANE, &c.

## Locked Coil Ropes.

Indispensable for deep shafts.

Stronger than any other rope of same size.

Entirely free from twist.

Smooth surface reduces wear to a minimum.

Duration far ahead of any other construction.
