ATTENTION!
 To Inventors, Patentees, Manufacturers, Merchants, and Authors.
 All Inventors should secure Patents to protect their property in the inventions. All Canadian Patentees should have their Patents extended to the United States, under the small fee, before the time allowed expires. All Manufacturers should secure their own interests by obtaining Copy Rights for Industrial Designs, &c. All Merchants should protect their goods by obtaining Trade Marks. All Authors should protect their brain work by Copy Rights. The "Patentee's Manual," lately published by us, will supply full information on the above points; also contains at length, the New Patent Trade Marks, Industrial Designs, and Copy Right Laws now in force throughout the Dominion of Canada, together with a synopsis of the Patent Laws of each country in the world, giving duration and costs of Patents, &c.
