Indigestion, Constipation, Female Complaints, General Debility, Loss of Manhood, Sleeplessness, Rheumatism, Seminal Weakness, Spinal Disease and many other ailments for which it is specially adapted.

EFFECT produced by wearing one of our Belts is at times simply marvellous, and we can refer to many sufferers who have experienced great relief almost immediately, but in many cases, of course, especially chronic ones, a longer time is required to prove the curative powers of our belt.

LADIES:—Our belt is peculiarly adapted for your use. It weighs only three ounces, can be worn without inconvenience, either in the kitchen or the ball-room, and will positively cure many of the diseases Peculiar to your sex. Many ladies endure untold agony, and are confined to the house for two or three days each succeeding month. Our belt will prevent this suffering, and save the time which frequently is so valuable.

OUR ELECTRIC APPLIANCES are the simplest in construction, the lightest and most convenient to wear, the quickest and most effective in their action, and, by all odds, the cheapest ever introduced into Canada.

MANY PEOPLE who are not really ill feel languid and dull at times. To all such we say, Try one of our Belts; the outlay is very small and we guarantee an Immediate Improvement in your health and spirits.

From among many testimonials we append the following. Read them carefully, and see if they do not describe some of your own symptoms:—

Dear Sirs,—Ever since childhood I have been a sufferer from the lack of proper circulation of the blood, and have also been afflicted with terrible headaches, lasting sometimes three days. During the past three years my sufferings have been intensified by nervous weakness and a generally debilitated system. None but Ladies afflicted in like manner can appreciate what I have endured. The treatment of several among the best physicians in the United States and Canada gave me no relief, and with very little confidence in the result I procured one of your waist belts and also a head belt. In a very short time my general health improved, my circulation became equalized, my nerves quieted, and my head relieved in a manner I had never before experienced. I can truly say that since I began wearing your Electric Belts I have enjoyed better health than at any corresponding period during the past three years. Yours respectfully, MRS. W. P. JONES.

Dear Sirs,—During the past two years I have been a constant sufferer from pains through the groins. I have spent a large sum of money doctoring with physicians of different schools, and found no relief. Some of them acknowledged that they were powerless to help me, and as a last resource I purchased one of your combination back, groin and suspensory appliances. Within three days from the time I put it on I found the pain was leaving me, and now, at the end of two weeks, I find myself almost entirely free from pain, and far more able to attend to my business. I feel confident it will eventually effect a perfect cure. Yours truly, F. WILLIAMS.

Dear Sirs,—I have been a sufferer for many years from languor, nervousness, absence of memory, and rush of blood to the head; would arise in the morning just as tired as when I went to bed in the evening. After wearing your Medicated Belt three days my circulation was equalized. I was entirely relieved, and to-day I attend to my domestic duties, and improve daily. I cheerfully recommend your Belts to all, and especially to ladies. MRS. S. J. CLARK.

Gentlemen,—I have had dyspepsia for three years, and suffered terrible pains in my stomach every day. I had two doctors, and none of them gave me relief. After wearing your Belt ten days the pain all left me, and I now feel like a new man. Yours truly, MICHAEL MILLER.
