In drawing from our different constitutional and historical experiences, we stand ready, individually and jointly in relevant fora, to:

- assist in the drafting of laws, including bills of rights and civil, criminal, and economic framework laws;
- advise in the fostering of independent media;
- establish training programs in government, management, and technical fields;
- develop and expand people-to-people contacts and exchange programs to help diffuse understanding and knowledge.

In the same spirit, the recent G-24 Ministerial agreed to extend its assistance in Central and Eastern Europe in parallel with progress in political and economic reform.

We agree the challenge facing the industrialized democracies is to continue the effort already underway in Europe while expanding efforts to support political reform and economic development in other parts of the world. We call on our people and the people of other democracies to join in this great endeavor.
