

Adjournment Debate

Clearly, Canada is greatly concerned by the recurrent rumors about violations of human rights. However, we are not going to put an end to our programs simply because of unconfirmed rumors. We now have the assistance of the International Red Cross and some other international groups which keep us up to date, inform us of the most recent developments, and even the questions put by my colleague are not ignored. We try to get information, we are concerned, and Canada, Mr. Speaker, precisely because it has great respect

for human rights, will do its utmost to see that these rights are respected the world over.

Mr. Deputy Speaker: The motion to adjourn the House is now deemed to have been adopted. Accordingly, this House stands adjourned until tomorrow at 2 p.m. pursuant to Standing Order 3(1).

The House adjourned at 6.23 p.m.
