

DRS. GILLIES & GILLIES  
1124 MEDICAL DENTAL BUILDING  
VANCOUVER, B. C.

Cont'd

-2-

any rate, an all British program at our meeting next year in Vancouver. This suggestion met with instantaneous and wide spread approval. We wish to have from the different Universities of Canada outstanding speakers and teachers bringing to us, in an interesting and well expressed manner, the recent advances in their varied subjects. It has been suggested to me that Drs. Bazin and Gordon would be outstanding representatives of McGill. If this meets with your approval, or if you would suggest any other grouping, I would be very glad of your assistance and would be extremely obliged if you would press the invitation which will go forward shortly to the representatives of McGill which will be selected by the Program Committee.

I would like to add that Professor S. A. Kinnear Wilson has expressed his willingness to speak at our meeting next June.

Thanking you, I remain

Yours very sincerely,

*B. D. Gillies* M.D.
