

Macdonald College, Que.  
June 13th, 1932.

Dear Sir or Madam:

For a number of years the Poultry Department of Macdonald College has been supplying eggs and poultry stock to poultry breeders and we are anxious to have as complete a record as possible of the stock so distributed.

Our records show that you were among those who purchased eggs or poultry in <sup>1929</sup>1930, <sup>1931</sup>1931, <sup>1932</sup>1932. We would therefore appreciate having a report of your experience, particularly with reference to the condition of the stock when received, hatching quality of eggs, the quality of the birds, their record and value in your flock.

Thanking you in advance for your reply, for which envelope is enclosed.

Yours faithfully,

H. BARTON.

Dean, Faculty of Agriculture.
