The True Witness

AND CATHOLIC CHRONICLE.

The TRUE WITNESS is universally acknowledged to be the leading Catholic journal of Canada. Established thirty five years ago, it is the pioneer of the Catholic press in the Dominion, and its unflinching devotion to the interests of the Catholic people is a guarantee of its worth and popularity.

The special facilities which a large printing establishment, and the publication of a daily newspaper affords, enable us to make the TRUE WITNESS a more interesting and readable newspaper than any other journal of its class on the continent, and, at the same time, the cheapest.

The letters of our special correspondent, MICHAEL DAVITT, on Irish affairs are eagerly looked for, and should be read by every Irishman in the Dominion. These letters alone are worth ten times the subscription price of the paper.

Each issue of the TRUE WITNESS contains ably written editorials on the current topics of the day, a telegraphic summary of the world's news for the week, the latest despatches up to the hour of going to press, general Catholic news, and a carefully compiled commercial review, with reports of the principal Canadian markets.

In order that the TRUE WITNESS may be read in every Catholic household in the Dominion, we have reduced the subscription price to ONE DOLLAR a year when paid in advance.

Persons desirous of becoming subscribers should enclose One Dollar in a registered letter, and address
