|---------------------------------------------------------------------------------------------------------|--------------|
| INTRODUCTION .....                                                                                      | 1-47         |
| Scope of the duty assigned to the commissioners.....                                                    | 1            |
| Occasion of their mission.....                                                                          | 1            |
| Observations extended to Canada.....                                                                    | 2            |
| The states visited (18) .....                                                                           | 2            |
| Classes of institutions examined.....                                                                   | 2            |
| Our personal observations supplemented by printed interrogatories.....                                  | 2            |
| Answers received .....                                                                                  | 3            |
| Thanks for aid thus given .....                                                                         | 3            |
| General interest expressed in our mission.....                                                          | 3            |
| Source from which the present report has been drawn .....                                               | 4            |
| 1. Personal notes and memoranda.....                                                                    | 4            |
| 2. Printed reports and other documents (70 volumes) .....                                               | 14           |
| 3. Answers to interrogatories (56).....                                                                 | 16           |
| 4. Letters addressed to commissioners (6).....                                                          | 19           |
| Interrogatories sent out.....                                                                           | 19           |
| 1. On the pardoning power (7).....                                                                      | 19           |
| 2. On state prisons (430) .....                                                                         | 19           |
| 3. On county jails (162) .....                                                                          | 36           |
| 4. On houses of correction, &c. (83).....                                                               | 39           |
| 5. On juvenile reformatories (77) .....                                                                 | 42           |
| 6. On the administration of criminal justice (33) .....                                                 | 44           |
| Prison reform in New York the object to be accomplished by our mission.....                             | 46           |
| The congregate system of prison discipline and juvenile reformatories origi-<br>nated by New York ..... | 47           |
| Our prison system slow in its progress toward perfection.....                                           | 47           |
| To hasten this consummation, the object of the Prison Association and of the<br>commission .....        | 47           |

## CHAPTER I.

|                                                                                                                                                                              |        |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------|
| STATE PRISONS .....                                                                                                                                                          | 49-313 |
| Prison discipline—its principles, aims, methods, results, &c.—the scope of the<br>present inquiry .....                                                                      | 49     |
| Vast importance of the inquiry .....                                                                                                                                         | 49     |
| The philosophy of public punishment profoundly interesting .....                                                                                                             | 49     |
| Our paper includes both a detail of facts and the discussion of principles;<br>being, therefore, at once, a report on prisons and a treatise on prison dis-<br>cipline ..... | 50     |

### SECTION FIRST.

|                                                                                                                                                       |       |
|-------------------------------------------------------------------------------------------------------------------------------------------------------|-------|
| PRISON SYSTEMS .....                                                                                                                                  | 50-77 |
| Two-fold aspect of this inquiry: first, as to internal discipline; second, as to<br>classes of penal institutions constituting any given system ..... | 50    |
