

NOTE.

There are many other documents in corroboration of the preceding charges within the control of the relations of the late Commodore Perry, but they have concluded to publish only the evidence of those Officers who are, at present, living and in the United States; and, in adherence to this determination, the evidence of Lieutenants PACKETT and YARNALL, (deceased,) one commanding the schooner Ariel, the other 1st Lieutenant of the Lawrence, have been withheld.

In regard to the evidences adduced by Capt. Elliott, it may not be improper to state, that Lieutenants Smith and Edwards, and Purser Magrath, are deceased; Lieutenant Conklin and Mr. S. Wardwell Adams, are no longer in the Navy. There was no officer, in the American fleet, by the name of W. Nicholls.
