## BACK TO HIS OLD LOVE

Hamilton Publicity Commissioner R

HAMILTON, June 22.—(Special.)—William Mullis, Hamilton's publicity commissioner, has resigned his position to return to The Spectator as city editor, which position he gave up a year ago last February to enter the city's service. Mr. Mullis organized the city's publicity department, and has done very valuable work. Thru his efforts several new industries have located here the most investment. located here, the most important one being the Oliver Plow Company. The city controllers have been highly pleased with Mr. Mullis' work and his resgnation was accepted with regret.

Mayor Lees to-night expressed his opinion that Mr. Mullis had done good work for the city. Since it was rumor-ed early in the week that Mr. Mullis was considering the matter of going back to the "Spec," several applications for the position of publicity commissioner have been received by the boar of control. Mr. Mullis' successor wi

likely be chosen next week.

Thru an error of the G.N.W. Tele Thru an error of the G.N.W. Telegraph Company in transmitting the report concerning the Hamilton Municipal Power and Light by-law on Thursday, The World was made to say that the vote would be taken on the by-law on July 5. The date should have read July 25.

Cause of Tonsilitis.

Opinions differ on the cause of tonsilitis. In some instances it has been claimed that it is due to milk and the disease has been traced along certain milk route, but a number of physicians discard the milk theory and say that it is due to the dryness of the weather. Their explanation is that the air is filled with dust, owing to the lack of rain, so that people are constantly breathing irritating air, which causes soreness and inflammation of the mouth and throat. They say that a good rain does more than anything else to stop this throat trouble, as it cleanses the atmosphere. Cause of Tonsilitis.
