Another Round of Advances Fil d Up in Gold Mining Issues-Strenuous Demand Still Unabated.

World Office, World Office, Thursday Evening, Nov. 16. Porcupine stocks were fairly soaring in the mining exchanges again to-day, a continuation of the sharp upward movement being in evidence, with an-other round of advances piled on top of those recorded yesterday and the day before. The market was little short of a run

The market was little short of a run way affair at times, the strenuous de-and for stocks being of such a call-re that quotations were lifted in short der. Nor was there any perceptible t-up in the call for securities, and

of the gold mining issues prior to the July fire. The idea is gaining ground that pre-sent levels are cheap when intrinsic values are taken into account, and in the endeavor to take on securities, buyers have not stopped to limit their purchasing prices. Big Dome and Hollinger. The feature of the big issues was Dome, which kept right on going up, i and crossing \$40 early in the day. No that was made there, however, and be-fore the close the price had risen to \$41.50, an advance of \$3 a share for the pulated and un joubtedly stimulated the buying.

Hollinger came in for a snare in the buoyancy, and under a much improved demand scored a sharp advance, the stock selling up to \$11.10, a gain of 70 cents for the session. Trading was more active than for some time. General List Buoyant.

There was no let-up in the buoyancy in the cheaper issues, and advances were shown practically thruout. Dome Extension led the movement, scoring a three-point advance to 79 3-4, closing trong around the top figures. Vipond proved another favorite, and Vipond proved another favorite, and a three-point gain was piled on top of the recent advance. The top price for the day was 55 1-2. Other buoyant splits were Crown Chartered, which moved up a point to a new high for the movement: Pearl Lake, which touched 49; Preston, which moved up into the front with a two-point ad-vance, and Swastika, which nearly re-gained the 32 cent mark.

Arrangements to Lodge Control in Hands of One Man.

PORCUPINE, Nov. 14.—(From Our Man Up North.)—It is announced here that within a few days a board of di-rectore' meeting of the Rea Mines will be held at the main office. It is also said that arrangements have been made that places the control of the that places the control of the company in the hands of one man.

Undoubtedly Engineer Porrier of the Undoubtedly Engineer Porrier of the Vipond will be engaged at this meeting as the consulting engineer. Bert Rea may become managing-director. At the 30ⁿ-foot level cross-cutting fur 3ⁿ feet has been done, connecting the shaft with the vein, which is said

to be very wide and carrying a good-s'zed pay-streak at this depth. Two shofts are connected up at the second level with the third shaft down 300 feet.
