AMUNDSEN REACHED SOUTH POLE DEG. 14. STAYED THREE DAYS AT ANTARTIG GOAL

Continued From Page 1.

17c

Beardmore Glacier, would be in touch with each other, or would come MERCER-On Thursday, March 7, 1912, across depots which would indicate the advance or return of either party, at her late residence, 158 St. John's-road, And if Scott had left a party at the foot of the glacier, they would natu-Toronto, Mary Maude, daughter of the rally be acquainted with Amundsen's movements, as Amundsen's men would be had Amundsen left a party or depot in the same position. "There may have been a more dramatic situation still. The two parties, crossing the glacier and converging toward the coveted spot from

different directions, may have met at the pole itself.

"Captain Amundsen's equipment, tho not so large as Captain Scott's, B. Miller, head maltster of Copland has peculiar advantages when you consider the nationality of the explorer. Brewing & Malting Co., at his resi- The Norwegians who accompanied Amundsen are accustomed to driving dence, 109 Berkeley-street, Toronto, in dogs and are born ski runners. The broad stretches on the plateau and dence, 109 Berkeley-street, Toronto, in his 65th year; born in Pertushire, Scot- on the level stretches on the barrier surface would be excellent for ski-ing. The dogs will keep up the rapid pace which ski runners are able to adopt, and this is naturally faster than the slow, plodding foot movements of

> "Captain Amundsen had 112 dogs at the start, all first-class and well broken in, and their numbers may have been supplemented by births during the long polar nights, so that his team may have been considerably increased before he started on his dash to the pole. "Captain Scott's party on the Terra Nova, who found Amundsen at

of William and Jessie Rankin, aged 29 Bay of Whales, described the dogs as being wonderfully trained, stopping or going on at the sound of a whistle. 'No matter which party reached the pole first, both will have done ing parlors, 396 College-street. Service much to unveil the mystery of the south and increase the interest and on Sunday, March 10, at his father's desire for further work in this great unknown continent."

Hope Eritan is Victor.

don papers this morning, with the exfiriteness of the result of the race for even before he cabled his own tale, but the south pole. The Times contains it is al conjecture, and we can only the following comment:

"It can only be a few hours now be- of the Englishman's victory." fore we learn the facts. Capt. AfundwRIGHT-On Thursday, March 7, 1912, at her late residence, 88 Isabella-street, month before the Terra Nova sailed month before the Terra Nova sailed at her late residence, 83 Isabella-street, Catharine A. Oliphant, beloved wife of Joseph Wright.

Sen's ship left Buenos Ayres at least a menth before the Terra Nova sailed from New Zealond to Capt, Scott's tish Antarctic expedition, which Capt. Funeral Saturday, March 9, at 3.30 p.m., to Mount Pleasant Cemetery.
