ENGINEER INJURED.

Joseph Miller, an engineer, employed

Weak, Nervous, Worn-out Men

HIS NERVES AND ORGANS, AND GIVE HIM NEW VITALITY.

I HAVE A CURE FOR WEAK MEN THAT CURES TO STAY CURED. I CAN

TAKE A WEAK, PUNY MAN AND MAKE HIM A HEALTHY, VIGOROUS

SPECIMEN OF MANHOOD, REMOVE HIS PAINS AND ACHES, STRENGTHEN

/ I can do this with Electricity, applied through my Electric Belt, Nature's great-

est remedy for a broken-down system. I can pour a strong, vigorous current of this

force into the nerves and organs, and drive out all pain and weakness. If you have a

good constitution at all, I can cure you and make you as good a man as you ever

For the past ten years scientific men all over the world have been experimenting to find the

relation of electricity to the human body, and they have unanimously declared that the vitality of

the body—the force that keeps us all alive and runs the various organs—is electricity. The food is digested by the electric action of the stomach, the nerves kept alive and active by it, and the

circulation and condition of the blood and health of the organs depend upon the electric force in

Nature into your body and be strong and healthy. No matter what else has failed, it will give

the nerves. Then, if you are weak in any organ. If you have pains and aches, rheumatism, nervousness, sleeplessness, despondence, drains or of her vital weakness; if you feel tired and worn out and do not get the rest from your sleep that you should, the supply of vitality in your system is low, and can be restored by the proper application of electricity. Infuse this great power of

new pins is to cut one line off at a time and not to dive into the whole paper at once. A sewing basket should have its pincushion well supplied with pins, and when sewing a box should be near at hand into which all the pins can be tossed in a hurry. In this way the floor will be spared its usual pin collection when sewing days come

A pin tray or small pincushion should be on every girl's or woman's bureau, and the pins should be put into these and the pins should be put into these at night when, perhaps, a pin or two will have to be taken out of the stock collar or belt. The pins used in pinning on a veil should always be put back in the veiling after it has been carefully folded up and before placing in the hat have or bureau drawer. in the hat box or bureau drawer.

APPLE DESSERT

Apples may be prepared for dessert in a variety of ways, says The Washing-ton Herald. A "different" way, however, is to peel the apples, halve them, arrange in a deep dish, cover plentifully with sugar, add butter and in a while. The result, when the apples are cold, will be a clear amber jelly in the bottom and around the
