Harvard Freshmen Win. NEW LONDON, June 28.—Harvard won the freshman eight by one and a half lengths, and Yale the varsity four-oared race by perhaps ten lengths on the morning tide on the Thames River to-day, and the result confirmed predictions. Coming with the great victory of the Yale varsity eight last night, the win of to-day was a source of gratification to Yale men as showing the calibre of her varsity squad, judged by Coach Kennedy's way of training. It was an easy race for the blue to win, while the freshman race was a hard one for Yale to lose, and the eight was a full run of glory for the youngsters from Cambridge. The latter race was worth seeing, although both were rowed in slow time. It was Harvard strength in the freshman and lack of it which made the result as it was. The varsity four was Harvard 11:15, Yale 11:19. The official time for the varsity four was two miles: Yale 12:33, Harvard 12:15.

Toronto Canada Cup Yachts. Crusader was rigged at Oakville yesterday, and will sail to Toronto this morning, if there is wind enough or not too much. She will be in a race this afternoon with Adele and Aileen II, if all is well. A comparison of her figures with the other pair shows her to be shorter by the hull, but 5 inches longer than Adele. She is much narrower than either, and on water line length comes between Adele, the shortest, and Aileen II, the longest. She is a ton and a half lighter in ballast than either of her rivals. The displacement, too, is in her favor. The mainsail is longer on a gaff and boom than the English built pair out it is shorter in the hoist. The figures follow: Crusader: Adele, Aileen. Overall..... 48.6 48.1 46 Beam..... 8.6 9.2 9.7 Draught..... 5.11 6.5 6.5 Waterline..... 29.11 29.8 31 Sall area..... 1273 1347 1283 Boom..... 22.6 21 22 Mast..... 36 35 35 Hcist..... 29 29 30 Ballast..... 9.47 12.27 12.60 Displacement..... 260 310 275 Crusader looks like a smart light-weight performer.
